CERTAIN CONVENTIONS, CURRENCY OF PRESENTATION, USE OF FINANCIAL INFORMATION AND MARKET DATA

Certain Conventions

All references to “India” in this Draft Red Herring Prospectus are to the Republic of India and its territories and possession and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

All references to the “US”, “U.S.” “USA” or “United States” are to the United States of America and its territories and possessions.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Unless the context otherwise requires or indicates, the financial information (including financial ratios) and any percentage amounts (excluding certain operational metrics), as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on pages 31, 128 and 226, respectively, and elsewhere in this Draft Red Herring Prospectus have been derived from our Restated Financial Statements.

The restated Financial Statements of our Company for the Financial Years ended March 31, 2024, 2023 and 2022 prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, the SEBI ICDR Regulations; and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time (the “*Guidance Note*”), comprising the restated statement of assets and liabilities as at the period ended March 31, 2024, 2023 and 2022, the restated statements of profit and loss (including other comprehensive income), the restated statement of changes in equity, the restated cash flow statement for the Financial Years ended March 31, 2024, 2023 and 2022 the summary statement of significant accounting policies, and other explanatory information. For further information on our Company’s financial information, see “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on pages 188 and 226 respectively.

Our Company’s financial year commences on April 1 and ends on March 31 of next year; accordingly, all references to a particular financial year, unless stated otherwise, are to the 12-month period ended on March 31 of that calendar year. Reference in this Draft Red Herring Prospectus to the terms Fiscal or Fiscal Year or Financial Year is to the 12 months ended on March 31 of such year, unless otherwise specified.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” and elsewhere in the Draft Red Herring Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian

GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Peer Review Auditor, set out in section titled “*Financial Information*” beginning on page 188 of this Draft Red Herring Prospectus. For additional definitions used in this Draft Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Red Herring Prospectus. In the section titled “*Main provisions of Articles of Association*”, on page 309 of the Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” Or “₹” are to the Indian Rupee, the official currency of India;
- “USD” or “US\$” or “\$” or “U.S. Dollar” are to the United States Dollar, the official currency of the United States of America.

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “*Lakhs*” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Exchange rates

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all. Also, we have mentioned conversion rate from USD to Malaysian Currency

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange rate		
	March 31, 2024	March 31, 2023	March 31, 2022
1 USD	₹ 83.37	₹ 83.37	₹ 82.22

(Source: RBI reference rate)

Note: If the reference rate is not available on a particular date due to a public holiday, exchange rates of the previous Working Day has been disclosed. The reference rates are rounded off to two decimal places.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies, and assumptions may vary widely among different market and industry sources. In accordance with the SEBI (ICDR) Regulations, the section titled “*Basis for Issue Price*” on page 108 of the Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as “forward-looking statements”. These forward looking statements include statements which can generally be identified by words or phrases such as “*aim*”, “*anticipate*”, “*are likely*”, “*believe*”, “*continue*”, “*can*”, “*could*”, “*expect*”, “*estimate*”, “*intend*”, “*may*”, “*likely*”, “*objective*”, “*plan*”, “*project*”, “*propose*”, “*seek to*”, “*shall*”, “*will*”, “*will achieve*”, “*will continue*”, “*will likely*”, “*will pursue*” or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. These forward-looking statements are based on our management’s belief and assumptions, current plans, estimates and expectations, which in turn are based on currently available information. As a result, actual results could be materially different from those that have been estimated. Forward-looking statements reflect our current views as of the date of this Prospectus and are not a guarantee of future performance.

Although we believe that the assumptions on which such statements are based are reasonable, any such assumptions as well as statements based on them could prove to be inaccurate. Actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations, and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. This may be due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries we cater to and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

1. Our business largely depends upon our top 10 customers which contributed 70.10%, 64.66% and 66.34% in the Fiscal 2024, 2023 and 2022. The loss of any of these customers could have a material adverse effect on our business, financial condition, results of operations and cash flows.
2. Our business is dependent on the performance of the automotive industry. Economic cyclicality coupled with reduced demand in these other industries, in India or globally, could adversely affect our business, results of operations and financial condition.
3. Our Company is dependent on a domestic market for its sales and any downturn in it could reduce our sales.
4. Our business and profitability are substantially dependent on the availability and cost of our raw materials and any disruption to the timely and adequate supply or volatility in the prices of raw materials may adversely impact our business, results of operations, cash flows and financial condition.
5. We do not have long-term agreements with our suppliers for raw materials and an inability to procure the desired quality, quantity of our raw materials in a timely manner and at reasonable costs, or at all, may have a negative impact on our business, results of operations, financial condition and cash flows.

Forward-looking statements reflect the current views of our Company as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management's beliefs, assumptions, current plans, estimates and expectations, which in turn are based on currently available information. Although we believe the assumptions upon which these forward looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Neither our Company, our Directors, our Promoters, the Book Running Lead Manager, the Syndicate Members nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations, our Company will ensure that investors in India are informed of material developments pertaining to our Company and the Equity Share forming part of the Issue from the date of this Draft Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION II – SUMMARY OF ISSUE DOCUMENT

PRIMARY BUSINESS OF THE COMPANY

We are a precision metal component manufacturer offering a diversified suite of precision engineering products which are high-quality engineered parts across end-user industries and geographies. We primarily cater to top original equipment manufacturers (“OEMs”) who ultimately supply various components and parts to top automotive manufacturing companies of India. In non-automotive sector, we cater to manufacturers of Defense, Marine & Telecommunication Infrastructure industries. At present, our core expertise lies in serving the automotive industry i.e. supplying OEMs, however, we're actively expanding our reach beyond automotive, leveraging our capabilities to develop a strong presence in defense, marine, and telecommunication infrastructure sectors. As a result of which, currently, majority of our business comes from auto industry and defense, marine, and telecommunication infrastructure sectors forms a small portion of our business. We largely supply to our domestic customers, however, we have an international presence also through export sales.

For detailed information on our business activities, please refer to section titled “*Our Business*” on page 128 of this Draft Red Herring Prospectus.

SUMMARY OF INDUSTRY IN WHICH THE COMPANY IS OPERATING

India’s auto components industry’s market share has significantly expanded, led by increasing demand for automobiles by the growing middle class and exports globally. Due to the growth in demand for Indian auto components, several Indian and international players have entered the industry. India’s auto component industry is broadly classified into organised and unorganised sectors. While the unorganised sector consists of low-valued items and mostly serves the aftermarket category, the organised sector serves OEMs and includes high-value precision instruments.

The automobile component industry turnover stood at Rs. 2.9 lakh crore (US\$ 36.1 billion) in H1 2023-24 the industry had revenue growth of 12.6% as compared to H1 2022-23. Domestic OEM supplies contributed ~66% to the industry’s turnover, followed by domestic aftermarket (~12%) and exports (~22.3%), in FY23. The component sales to OEMs in the domestic market grew by 13.9% to US\$ 30.57 billion (Rs. 2.54 lakh crore). In H1 2023-24, exports of auto components grew by 2.7% to Rs. 85,870 crore (US\$ 10.4 billion). The aftermarket for auto components grew by 7.5% in H1 2023-24 reaching Rs. 45,158 crore (US\$ 5.5 billion).

SECTION III-RISK FACTORS

An investment in our Equity Shares involves a high degree of risk. Prospective investors should carefully consider all information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. If any or some combination of the following risks actually occur, our business, prospects, financial condition and results of operations could suffer, the trading price of our Equity Shares could decline, and prospective investors may lose all or part of their investment. Investors should pay particular attention to the fact that we are subject to extensive regulatory environment in India and overseas that may differ significantly from one jurisdiction to other.

We have described the risks and uncertainties that our management believes are material, but these risks and uncertainties may not be the only ones we face. Some risks may be unknown to us and other risks, currently believed to be immaterial, could be or become material. To obtain a complete understanding of our business, prospective investors should read this section in conjunction with the sections “Our Business”, “Industry Overview”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Financial Statements” on pages 128, 119, 226 and 188 respectively. In making an investment decision, prospective investors must rely on their own examination of our business and the terms of the Issue, including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about the particular consequences to them of an investment in our Equity Shares.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

RISKS RELATING TO OUR BUSINESS

- 1. Our business largely depends upon our top 10 customers which contributed 70.10%, 64.66% and 66.34% in the Fiscal 2024, 2023 and 2022. The loss of any of these customers could have a material adverse effect on our business, financial condition, results of operations and cash flows:***

We are engaged in business of precision engineering components. We primarily cater to top original equipment manufacturers (“OEMs”) who ultimately supply various components and parts to top automotive manufacturing companies of India. We are dependent upon our long-term customers, some of whom have been associated with our Company since incorporation. We derive a significant portion of our revenue from our top 10 customers (excluding customers’ contributing to revenue from scrap sales), Loss of all or a substantial portion of sales due to loss of business relationship from any of our top 10 customers, could have an adverse impact on our business, results of operations, financial condition and cash flows. While we believe there has been no loss of any of our top 10 customers in the last three Fiscals, there is no assurance that such instance will not arise in the future:

The following table sets forth revenue from top ten customers in the years indicated:

Customers	Financial year ended 2024		Financial year ended 2023		Financial year ended 2022	
	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations

Customer 9	404.17	3.51%	513.94	5.33%	192.45	3.40%
Customer 10	389.14	3.38%	294.63	3.06%	239.27	4.23%
Total of Top 10 Customers	8,063.46	70.10%	6,230.92	64.66%	3,750.23	66.34%
Total	11,503.03	100.00%	9,635.85	100.00%	5,653.41	100.00%

The following table summarizes the revenue contribution from our customers with longstanding relationships for the Financial Years ended March 31, 2024, March 31, 2023, and March 31, 2022:

Customers being served more than	Financial year ended 2024		Financial year ended 2023		Financial year ended 2022	
	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations	Revenue from Customers (₹ in Lakhs)	% of Revenue from operations
0-3 year	5,321.54	46.26%	4,476.40	46.46%	1,523.81	26.95%
4-6 year	6,181.49	53.74%	5,159.45	53.54%	4,129.60	73.05%

Further, the volume and timing of sales to our top 10 customers may vary due to variation in demand for such customers' products or on account of their manufacturing and growth strategy. Thus, any decrease in the demand for our products from our top 10 customers, or a termination of our arrangements altogether, would adversely impact our results of operations, financial condition and cash flow. These customers may change their outsourcing strategy by moving more work in-house, replace us with our competitors, or replace their existing products with alternative products which we do not supply. Also, these customers may demand price reductions and there is no assurance that we will be able to offset any reduction of prices to these customers with reductions in our costs or by acquiring new customers.

- Our business is dependent on the performance of the automotive industry. Economic cyclicality coupled with reduced demand in these other industries, in India or globally, could adversely affect our business, results of operations and financial condition.*

We primarily cater to top original equipment manufacturers (“OEMs”) who ultimately supply various components and parts to top automotive manufacturing companies of India. Therefore, we are dependent on the automotive industry for deriving a major portion of our revenues. The following tables set forth below the revenue from sale of products to automotive and non-automotive sectors for the years/ periods indicated:

End-use segment	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	(%)	Amount (₹ in lakhs)	(%)	Amount (₹ in lakhs)	(%)
Automotive	10,699.29	93.01%	8,746.35	90.77%	4,648.26	82.22%
Defense	28.74	0.25%	0.64	0.01%	-	-
Marine	771.51	6.71%	888.86	9.22%	1,005.15	17.78%
Telecommunication	3.49	0.03%	-	-	-	-
Revenue from Operations	11,503.03	100.00%	9,635.85	100.00%	5,653.41	100.00%

Any slowdown in the automotive industry or any loss of business from, or any significant reduction in the volume of business with, customers operating in these other industries, if not replaced, could materially and adversely affect our business, financial condition and results of operations. As a result of our dependence on customers in this industry, directly or indirectly, we are exposed to fluctuations in the performance of these industry in India and globally. These industries are sensitive to factors such as consumer demand, consumer confidence, disposable income levels and employment levels. Moreover, they are also affected by other factors such as national and international trade, changes in government policies, environmental, health and safety regulations, commodity prices and oil prices. A decline in our customers' business performance may also lead to a corresponding decrease in demand for our products and services. The volume and timing of sales to our customers may vary due to variation in demand for our customers products, their attempts to manage their inventory, design changes, changes in their product mix, manufacturing and growth strategy, and macroeconomic factors affecting the economy in general, and our customers in particular. A sustained decline in the demand for products produced by our key customers could prompt them to cut their production volumes, directly affecting the demand from customers for our products. Unfavorable industry conditions can also result in an increase in commercial disputes and other risks of supply disruption.

3. Our Company is dependent on a domestic market for its sales and any downturn in it could reduce our sales.

We have historically derived majority of our revenues from the domestic market. Our Company is majorly dependent on domestic sales while our products are also sold in Italy, Germany, USA, Argentina, Belgium, Turkey and Indonesia. Thus, the sales of our Company are widely dispersed throughout the domestic and any failure to maintain such dispersion may impact sales, revenues, and consequently, the financial performance of the Company. Details for the revenue generated from domestic market and through export as per restated financials are as follow:

Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	(₹ in Lakhs)	(%)	(₹ in Lakhs)	(%)	(₹ in Lakhs)	(%)
Domestic Sales	9,558.40	83.09%	8,360.05	86.76%	4,657.09	82.38%
Export Sales	1,944.63	16.91%	1,275.80	13.24%	996.32	17.62%
Revenue from operations	11,503.03	100.00%	9,635.85	100.00%	5,653.41	100.00%

Our company relies heavily on the domestic market for its sales. Any economic downturn or adverse changes within this market could significantly impact on our sales performance. Consequently, fluctuations in the domestic economy pose a considerable risk to our financial stability and growth prospects. Furthermore, changes in consumer preferences, increased competition, or regulatory shifts within the domestic market can also adversely affect our sales. Our heavy dependence on this single market means that we are particularly vulnerable to its economic conditions. Diversifying our market presence and reducing reliance on the domestic market could be crucial strategies to mitigate these risks and ensure sustained growth.

4. *Our business and profitability are substantially dependent on the availability and cost of our raw materials and any disruption to the timely and adequate supply or volatility in the prices of raw materials may adversely impact our business, results of operations, cash flows and financial condition.*

We are engaged in the manufacturing of precision metal component, requiring raw materials which are metals and commodities in nature. The tables below provide components consumed as a percentage of our total purchase in the years indicated:

Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	% of total Purchases	Amount (₹ in lakhs)	% of total purchases	Amount (₹ in lakhs)	% of total purchases
Aluminum	704.17	14.75%	123.97	2.20%	73.72	2.22%
Stainless Steel	1,992.67	41.75%	1,458.05	25.86%	867.30	26.08%
High/Low Carbon steel bright bars	1,840.55	38.56%	2,431.08	43.12%	1,804.35	54.27%
Brass	181.19	3.80%	337.85	5.99%	144.94	4.36%
Wax & others	54.47	1.14%	1,287.07	22.83%	434.62	13.07%
Total Purchases	4,773.04	100.00%	5,638.01	100.00%	3,324.21	100.00%

We may experience volatility in the cost or availability of raw materials due to changes in commodity prices. A major portion of raw materials comprises of Aluminum, Stainless Steel, High/Low Carbon steel bright bars, Brass, wax etc. The prices of such raw materials are volatile and are dependent on a number of factors, such as, their availability, fluctuations in domestic and international demand and supply, international production and capacity, transportation costs, protective trade measures and various social and political factors, in the economies in which the metal producers sell their products. However, we purchase our major raw material, High/Low Carbon steel bright bars, from our Promoter, Omega Bright Steel & Components Private Limited (“**OBSCPL**”). This arrangement benefits our company by reducing transportation costs and ensuring the availability of raw materials.

The following table summarizes the Purchase of High/Low Carbon steel bright bars from OBSCPL for the Financial Years ended March 31, 2024, March 31, 2023, and March 31, 2022:

Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	% of total purchase	Amount (₹ in lakhs)	% of total purchase	Amount (₹ in lakhs)	% of total purchase
High/Low Carbon steel bright bars	1,711.19	35.85%	2,344.65	41.59%	1,759.25	52.92%

During the Russia-Ukraine conflict, commodity prices surged significantly. While our arrangements with customers allow us to seek upward price revisions, our cash flows may still be adversely affected due to the time gap between procuring raw materials and adjusting customer prices to reflect these cost increases, if there is any type of global crises. Our ability to pass on these increased costs could impact our business negatively. Additionally, commodity prices may occasionally fall rapidly. When this happens, suppliers might withdraw capacity from the market until prices improve, potentially causing supply interruptions. These interruptions could increase our raw material costs, adversely affecting our business, cash flows, and results of operations.

Any increase in prices of raw materials could have an impact on our working capital as we would require additional funds to procure the necessary steel at the higher prices. As a result, we may be required to allocate a larger portion of our working capital towards purchasing raw materials to maintain

our production levels. This increased allocation towards purchase can potentially strain our working capital availability.

5. *We do not have long-term agreements with our suppliers for raw materials and an inability to procure the desired quality, quantity of our raw materials in a timely manner and at reasonable costs, or at all, may have a negative impact on our business, results of operations, financial condition and cash flows.*

Our purchases of raw materials are concentrated from a few suppliers with our top 10 suppliers including our promoter, Omega Bright Steel & Components Private Limited (“OBSCPL”) contributing of the total purchases of raw materials on restated financial statement are as follows:

Name of Supplier	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	% of total purchase	Amount (₹ in lakhs)	% of total purchase	Amount (₹ in lakhs)	% of total purchase

Supplier 10	106.57	2.23%	-	0.00%	-	0.00%
Total of Top 10 Suppliers	3,920.73	82.14%	3,376.88	59.89%	2,177.83	65.50%
Total Purchases	4,773.04	100.00%	5,638.01	100.00%	3,324.93	100.00%

Further, some of our suppliers are our related parties and have been disclosed in “Note no. 28 – Related Party Transactions” in the chapter titled “Restated Financial Statements” on page 188 of this Draft Red Herring Prospectus. Our ability to remain competitive, maintain costs and profitability depend, in part, on our ability to source and maintain a stable and sufficient supply of raw materials at acceptable prices. Our major raw materials include Aluminum, Stainless Steel, High/Low Carbon steel bright bars, brass, wax among many others. For further information, see “Our Business – Procurement of Raw Materials” on page 128 of this Draft Red Herring Prospectus. We depend on external suppliers for majority of the raw materials required and typically purchase raw materials on a purchase order basis and place such orders with them in advance based on our requirements. As a result, the success of our business is significantly dependent on maintaining good relationships with our raw material suppliers. The absence of long-term supply contracts subjects us to risks such as price volatility caused by various factors viz. commodity market fluctuations, currency fluctuations, climatic and environmental conditions, transportation cost, changes in domestic as well as international government policies, regulatory changes and trade sanctions.

There can be no assurance that in future we will be able to procure the required quantities and quality of raw materials commensurate with our requirements. There can also be no assurance that a particular supplier will continue to supply us with raw materials in the future. Any delay in supplying finished products to customers in accordance with the terms and conditions of the purchase orders, such as delivery within a specified time, as a result of delayed raw material supply, could result in the customer

refusing to accept our products, which may have an adverse effect on our business and reputation. Further, we do not enter into agreements with suppliers which could have an adverse effect on our ability to source raw materials in a commercially viable and timely manner as well as the commitments to our customers, which may impact our business and profitability. However, since we source the majority of our raw materials from our promoter (OBSCPL), we believe we are largely shielded from uncertainties related to raw material availability and price fluctuations.

Further, as we generally receive purchase orders for the supply of our products to customers, we rely on historical trends and other indicators to purchase the required quantities of raw materials. We, therefore, run the risk of purchasing more raw materials than necessary, which could expose us to risks associated with prolonged storage of some of these materials, and materially affect our results of operations. In addition, if all or a significant number of our suppliers for any particular raw material are unable or unwilling to meet our requirements or if our estimates fall short of the demand, we could suffer shortages or significant cost increases. Continued supply disruptions could exert pressure on our costs, and we cannot assure you that all or part of any increased costs can be passed along to our customers in a timely manner or at all, which could negatively affect our business, overall profitability and financial performance. However, we believe we have better inventory at place.

6. *Our three manufacturing facilities are located in Pune, Maharashtra and Thiruvallur, Tamilnadu which exposes our operations to potential risks arising from local and regional factors such as adverse social and political events, weather conditions and natural disasters*

Our existing manufacturing facilities are located in Pune, Maharashtra i.e. Unit I and Unit II and Thiruvallur, Tamilnadu i.e Unit III. Any materially adverse social, political or economic development, natural calamities, civil disruptions, or changes in the policies of the state government or state or local governments in these regions could adversely affect our manufacturing operations, and require a modification of our business strategy, or require us to incur significant capital expenditure or suspend our operations. Our business is dependent upon our ability to manage our manufacturing activities, which are subject to various operating risks, including political instability, productivity of our workforce, compliance with regulatory requirements, difficulties with production costs and yields, product quality and those beyond our control, such as the breakdown and failure of equipment or industrial accidents, disruption in electrical power or water resources, severe weather conditions, natural disasters and an outbreak of pandemic such as COVID-19. Any significant malfunction or breakdown of our machinery may entail significant repair and maintenance costs and cause delays in our operations.

Although we have not experienced any strikes or labor unrest in the past three years, we cannot assure you that we will not experience disruptions in work in the future due to disputes or other problems with our work force. Any labor unrest directed against us, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations, which in turn could adversely affect our business, results of operations, financial condition and cash flows.

7. *A significant portion of our domestic sales are derived from the West zone and South zone, any adverse developments in this market could adversely affect our business.*

Set forth below is certain information on our geography-wise domestic revenue from operations is on restated financial statement for the periods indicated:

Zone	Break-up of total domestic revenue from operations (%)		
	Fiscal 2024	Fiscal 2023	Fiscal 2022
West	73.01%	74.61%	86.03%
South	22.59%	19.02%	9.10%
North	4.40%	6.37%	4.87%
Total	100.00%	100.00%	100.00%

We have historically derived a significant portion of our revenue from sales in the West and South zone. For the Fiscal 2024, 2023 and 2022 the revenue generated from sales in West and South zone cumulatively represented 95.60%, 93.64% and 95.13% of our revenue from domestic sales. Accordingly, any materially adverse social, political or economic development, natural calamities, civil disruptions, regulatory developments or changes in the policies of the state or local government in this region could adversely affect our manufacturing and distribution activities, result in modification of our business strategy or require us to incur significant capital expenditure, which will in turn have a material adverse effect on our business, financial condition, results of operations, and cash flows. Further, our sales from this region may decline as a result of increased competition, regulatory action, pricing pressures, fluctuations in the demand for or supply of our products or services, or the outbreak of an infectious disease such as COVID-19. Our failure to effectively react to these situations or to successfully introduce new products or services in these markets could adversely affect our business, prospects, results of operations, financial condition, and cash flows. The occurrence of, or our inability to effectively respond to, any such events or effectively manage the competition in the region, could have an adverse effect on our business, results of operations, financial condition, cash flows and future business prospects.

8. *We may face several risks associated with the proposed expansion of our manufacturing units, which could hamper our growth, prospects, cash flow and business and financial condition.*

We intend to utilize a portion of the Net Proceeds of this Issue towards enhancing the existing capacity of our manufacturing units situated at Pune, Maharashtra and Thiruvallur, Tamilnadu, through the installation of machinery at our existing facility in Thiruvallur, Tamil Nadu (Unit III), as well as at our proposed manufacturing facility (Unit IV). For further details, please refer to the chapter titled “*Object of the Issue*” at page 228 of this Draft Red Herring Prospectus. During the process of carrying out expansion in our existing manufacturing units, we may face several difficulties such as cost overruns or delays for various reasons, including, but not limited to, our financial condition, changes in business strategy and external factors such as market conditions, competitive environment and interest or exchange rate fluctuations, changes in design and configuration, increase in input costs of construction materials and labour costs, incremental preoperative expenses, taxes and duties, start-up costs, interest and finance charges, working capital margin, environment and ecology costs and other external factors which may not be within the control of our management. Further, as a part of the expansion of facilities in our manufacturing units, we intend to install machinery some of which are to be imported from Thailand and Germany, the installation and the setting up of such machineries could require the aid and assistance of technicians.

In view of the above, any delay in carrying out expansion in our existing manufacturing units could lead to revenue loss for our Company. Further, our expansion plan may be subject to delays and other risks, which may be caused due to certain other unforeseen events, such as unforeseen engineering or technical problems, disputes with workers, unanticipated cost increases or changes in scope and delays in obtaining certain property rights and government approvals and consents. While we may seek to minimize the risks from any unanticipated events, it cannot be assured that all potential delays could be mitigated and that we will be able to prevent any cost and time over-runs and any loss of profits resulting from such delays, shortfalls and disruptions. Further, the budgeted cost may prove insufficient to meet the requirements of the proposed capital expenditure due to, among other things, cost escalation, which could drain our internal cash flows or compel us to raise additional capital, which may not be available on terms favorable to us or at all. We cannot assure that we will be able to complete the aforementioned expansion of our manufacturing units in accordance with the proposed schedule of implementation and any delay in setting up such plants in a timely manner, or at all, could have an adverse impact on our growth, prospects, cash flows and business and financial condition. Furthermore, the quotations for plant and machinery and civil works received by us from various suppliers and contractors might expire and we may be compelled to purchase the same at a higher cost. Our financial condition, results of operations and liquidity would be materially and adversely affected if our project or construction costs materially exceed such budgeted amounts. For further details, please refer to chapters titled - “*Objects of the Issue*” and “*Our Business*” on pages 93 and 128, respectively of this Draft Red Herring Prospectus.

9. Our Restated Financial Statements are Prepared and Signed by the Peer Review Auditors who is not Statutory Auditors of our Company as required under the provisions of ICDR.

Our Restated Financial Statements are prepared and signed by M/s. PK Chand & Co., Chartered Accountant, the Peer Review Auditor who is not the Statutory Auditor of the company. As per the requirement of clause (11)(A)(e) of Schedule VI of SEBI ICDR 2018, the last Audited Balance sheet of March 31, 2024 was re-audited by the Peer Review Auditor. The Company will appoint the Chartered Accountant holding Peer Review Certificate as Statutory Auditor in the Annual General Meeting of the Company.

10. We have significant working capital requirements for our smooth day to day operations of business and discontinuance or our inability to acquire adequate working capital timely and on favorable terms may have an adverse effect on our operations, profitability and growth prospects.

Our Company's working capital needs for a specific period are influenced by various factors, such as the size and timing of orders to be fulfilled, the size of the order backlog, and customer payment terms. Based on historical trends, we anticipate a significant increase in our working capital requirements.

The table below sets forth our working capital for the Financial Years 2024, 2023 and 2022 on the basis stated below:

(₹ in lakhs)

Particulars	As at March 31, 2022	As at March 31, 2023	As at March 31, 2024	As at March 31, 2025	As at March 31, 2026

Working Capital (C=A-B)	885.21	1,649.85	2,915.21	4,404.05	5,862.73

Our business requires funds towards working capital requirements. In case there are insufficient cash flows to meet our working capital requirement, or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favourable terms, at a future date, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects. For further details regarding incremental working capital requirement, please refer to the chapter titled "Objects of the Issue" beginning on page 93 of this Draft Red Herring Prospectus.

11. We Operate our Registered Office and Manufacturing Facilities that are held by us on leasehold basis. In the event we lose or are unable to renew such leasehold rights, our business, results of operations, financial condition, cash flows and prospects may be adversely affected.

We operate our Registered Office and Manufacturing Facilities from three units that are held by us on, on leasehold basis, details whereof are as under:

Except for Unit I, these leases are subject to several conditions, some of which could be onerous. Failure to adhere to or comply with these conditions may lead to termination, revocation, or suspension of the relevant lease. We cannot assure you that we will not default on the terms and conditions of the lease.

We cannot assure you that we shall continue to be able to operate out of our existing premises or renew our existing licenses at favourable terms or at all. In the event that we are required to vacate our current

premises, we would be required to make alternative arrangements and we cannot assure that the new arrangements will be on commercially acceptable terms. We may also face the risk of being evicted in the event that our landlords allege a breach on our part of any terms under these lease agreements and there is no assurance that we will be able to identify suitable locations to re-locate our operations. Moreover, we may face significant increases in the lease rental rates. We cannot assure you that we may be able to do so in a timely manner. If we lose our rights on leased properties or are required to negotiate terms or to relocate our business operations or shut down our Registered Office and manufacturing facilities, we may suffer a disruption in our operations or have to pay increased charges, which could have an adverse effect on our business, prospects, results of operations, cash flows and financial condition.

12. Under-utilization of our manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance.

The success of any capacity expansion and expected return on investment on capital expenditure is subject to, among other factors, the ability to procure requisite regulatory approvals in a timely manner; recruit and ensure satisfactory performance of personnel to further grow our business; and the ability to absorb additional infrastructure costs and develop new expertise. Our ability to maintain our profitability depends on our ability to optimize the product mix to support high-margin products and products with consistent long-term demand and the demand and supply balance of our products in the principal and target markets. In particular, the level of our capacity utilization can impact our operating results. Capacity utilization is also affected by our product mix and the demand and supply balance.

Our overall capacity utilization for Piston Rod, Cable Fitting, Machined Components, Pully Assembly, Castings, Machined Parts, Rack Bar and Sensor Boss are as follows:

Unit I:

Product s	Un its	2021-22			2022-23			2023-24

As certified by M/s. Niyto Value Experts Private Limited., Independent Chartered Engineers vide their certificate dated July 12, 2024.

For further information, see “Our Business - Capacity and Capacity Utilization” on page 128 of this Draft Red Herring Prospectus. The overall capacity utilization has decreased due to an increase in

capex. These ratios are not indicative of future capacity utilization rates, which are dependent on various factors, including demand for our products, availability of raw materials, our ability to manage our inventory and improve operational efficiency. Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short-term, could materially and adversely impact our business, growth prospects and future financial performance.

Our capacity utilization levels are dependent on our ability to carry out uninterrupted operations at our manufacturing facilities, the availability of raw materials, industry/ market conditions, as well as by the product requirements of, and procurement practice followed by, our distributors. In the event we face prolonged disruptions at our facilities including due to interruptions in the supply of water, electricity or as a result of labour unrest, or are unable to procure sufficient raw materials, we would not be able to achieve full capacity utilization of our current manufacturing facilities, resulting in operational inefficiencies which could have a material adverse effect on our business and financial condition. Our proposed expansion plans are based on demand forecasts that are subject to various assumptions including product trends in the industry and management estimates that are based on prevailing economic conditions. Adequate utilization of our expanded capacities is therefore subject to various factors beyond our control and in case of oversupply in the industry or lack of demand, we may not be able to utilise our expanded capacities efficiently. The success of any capacity expansion and expected return on investment on capital invested is subject to, among other factors, the ability to procure requisite regulatory approvals in a timely manner; recruit and ensure satisfactory performance of personnel to further grow our business; and the ability to absorb additional infrastructure costs and develop new expertise and utilize the expanded capacities as anticipated. Please also see “Risk Factor no. 7 - A significant portion of our domestic sales are derived from the West zone and South zone, any adverse developments in this market could adversely affect *our business*.”

Set forth below is certain information on our geography-wise domestic revenue from operations is on restated financial statement for the periods indicated:

Zone	Break-up of total domestic revenue from operations (%)		
	Fiscal 2024	Fiscal 2023	Fiscal 2022
West	73.01%	74.61%	86.03%
South	22.59%	19.02%	9.10%
North	4.40%	6.37%	4.87%
Total	100.00%	100.00%	100.00%

We have historically derived a significant portion of our revenue from sales in the West and South zone. For the Fiscal 2024, 2023 and 2022 the revenue generated from sales in West and South zone cumulatively represented 95.60%, 93.64% and 95.13% of our revenue from domestic sales. Accordingly, any materially adverse social, political or economic development, natural calamities, civil disruptions, regulatory developments or changes in the policies of the state or local government in this region could adversely affect our manufacturing and distribution activities, result in modification of our business strategy or require us to incur significant capital expenditure, which will in turn have a material adverse effect on our business, financial condition, results of operations, and cash flows. Further, our sales from this region may decline as a result of increased competition, regulatory action, pricing pressures, fluctuations in the demand for or supply of our products or services, or the outbreak of an infectious disease such as COVID-19. Our failure to effectively react to these situations or to successfully introduce new products or services in these markets could adversely affect our business, prospects, results of operations, financial condition, and cash flows. The occurrence of, or our inability to effectively respond to, any such events or effectively manage the competition in the region, could have an adverse effect on our business, results of operations, financial condition, cash flows and future business prospects.

We may face several risks associated with the proposed expansion of our manufacturing units, which could hamper our growth, prospects, cash flow and business and financial condition.”

13. We intend to utilise a portion of the Net Proceeds for funding our capital expenditure requirements. We are yet to place orders for such capital expenditure machinery.

Our funding capital expenditure requirements towards our manufacturing facility at Pune, Maharashtra and Thiruvallur, Tamilnadu. Accordingly, orders worth ₹ 3,059 Lakhs, which constitute 100% of the total estimated costs of the machinery and equipment in relation to setting up the Proposed Expansion at unit III and IV are yet to be placed. There can be no assurance that we will be able to place orders for such plant and machinery, in a timely manner or at all. We have not entered into any definitive agreements to utilize the Net Proceeds for these objects of the Issue and have relied on the quotations received from third parties for estimation of the cost. While we have obtained the quotations from various vendors in relation to such capital expenditure, most of these quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors. Additionally, in the event of any delay in placement of such orders, the proposed schedule implementation and deployment of the Net Proceeds may be extended or may vary accordingly. We cannot assure you that we will be able to undertake such capital expenditure within the cost indicated by such quotations or that there will not be cost escalations. For details, see “*Objects of the Issue*” on page 93.

The objects of the Issue have not been appraised by any bank or financial institution, and our funding requirement is based on current conditions, internal estimates, estimates received from the third-party agencies and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy. Based on the competitive nature of our industry, we may have to revise our business plan and/ or management estimates from time to time and consequently our funding requirements may also change. Such internal estimates may differ from the value that would have been determined by third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws. In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements, and may have an adverse impact on our business, results of operations, financial condition and cash flows. Accordingly, investors in the Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds. Further, pursuant to Section 27 of the Companies Act, any variation in the Objects of the Issue would require a special resolution of the shareholders and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue, at such price and in such manner in accordance with applicable law.

Our Company, in accordance with the applicable law and to attain the objects set out above, will have the flexibility to deploy the Net Proceeds. Pending utilisation of the Net Proceeds for the purposes described above, our Company may temporarily deposit the Net Proceeds within one or more scheduled commercial banks included in the Second Schedule of RBI Act as may be approved by our Board.

14. Our inability to collect receivables and default in payment from our customers could result in the reduction of our profits and affect our cash flows.

We sell at our standard terms with payment due before dispatch and conduct our business on the basis of various milestone payments. A small percentage of our sales are to customers on an open credit basis, with standard payment terms of generally between 45 to 90 days. While we generally monitor the ability of our customers to pay these open credit arrangements and limit the credit we extend to what is reasonable based on an evaluation of each customer’s financial condition and payment history, we may still experience losses because of a customer being unable to pay. As a result, while we maintain a reasonable allowance for doubtful receivables for potential credit losses based upon our historical trends and other available information, there is a risk that our estimates may not be accurate.

The table set forth below sets forth our trade receivables and receivable turnover days in the periods indicated as well as bad debts written off and disputed trade receivables – which have significant increase in credit risk.

Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	% of revenue from operations	Amount (₹ in lakhs)	% of revenue from operations	Amount (₹ in lakhs)	% of revenue from operations
Trade Receivables	2,152.94	18.72%	1,996.70	20.72%	1,558.10	27.56%
Bad debts written off	0.01	0.00%	9.34	0.10%	0.37	0.00%
Disputed trade receivables which have significant increase in credit risk	-	NA	-	NA	-	NA

Any increase in our receivable turnover days will negatively affect our business. If we are unable to collect customer receivables or if the provisions for doubtful receivables are inadequate, it could have a material adverse effect on our business, results of operations and financial condition.

Macroeconomic conditions could also result in financial difficulties, including insolvency or bankruptcy, for our customers, and as a result could cause customers to delay payments to us, request modifications to their payment arrangements, that could increase our receivables or affect our working capital requirements, or default on their payment obligations to us. An increase in bad debts or in defaults by our customer, may compel us to utilize greater amounts of our operating working capital and result in increased interest costs, thereby adversely affecting our results of operations and cash flows.

- 15. We require several approvals, licenses, registrations and permits for our business and are required to comply with certain rules, regulations and conditions to operate our business and failure to obtain, retain or renew such approvals and licences in a timely manner or to comply with the requisite rules, regulations and conditions may adversely affect our operations.**

We require several statutory and regulatory permits, licenses and approvals to operate our business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Presently, we have applied for updating licenses and approvals in the name of “OBSC Perfection Limited” from “OBSC Perfection Private Limited”. Also, we are yet to receive and renew several approvals and licenses. The Issuer Company is in the process of obtaining the same. Non-obtaining or non-renewal of the said permits and licenses would adversely affect our Company’s operations, thereby having a material adverse effect on our business, results of operations and financial condition. There can be no assurance that the relevant authorities will issue any of such permits or approvals in the time-frame anticipated by us or at all. Some of our permits, licenses and approvals are subject to several conditions and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of relevant permits, licenses or approvals. Any failure by us to apply in time, to renew, maintain or obtain the required permits, licenses or approvals, or the cancellation, suspension or revocation of any of the permits, licenses or approvals may result in the interruption of our operations and may have a material adverse effect on the business. For further details, please see chapters titled “Government and Other Key Approvals” at page 239 of this Draft Red Herring Prospectus.

- 16. If we fail to manage our growth effectively, we may be unable to execute our business plan or maintain high levels of service and satisfaction, and our business, results of operations, cash flows and financial condition could be adversely affected.**

We have experienced significant growth in our revenue from operations and profitability in the last three Fiscals and anticipate that we will continue to potentially grow, expand into new geographies and take advantage of market opportunities. Our revenue from operations has grown from ₹ 2,511.39 lakhs in Fiscal 2021 to ₹11,503.03 lakhs in Fiscal 2024, registering a CAGR of 65.20 % in last three years. Our PAT has grown from ₹118.12 lakhs in Fiscal 2021 to ₹1,221.21 lakhs in Fiscal 2024, registering a CAGR of 117.79% in last three years.

The success of our business will depend greatly on our ability to effectively implement our business and growth strategy. Our growth strategy includes growing strengthening our brand, deepening our penetration in existing markets and expanding our presence in select new territories and expanding our manufacturing capacities. For further information, see “*Our Business – Strategies*” on page 128 of this Draft Red Herring Prospectus.

Many factors may contribute to a decline in our revenue growth rates, including increased competition, slowing demand for our product from existing and new Customers, reduced market acceptance of paracetamol, inability to attract new customers, general economic conditions, government actions and policies, a failure by us to continue capitalizing on growth opportunities, changes in the regulatory framework, non-availability of raw materials at competitive pricing and the maturation of our business, among others. We cannot assure you that our current and planned systems, policies, procedures and controls, personnel and third-party relationships will be adequate to support our future operations. Our inability to effectively manage any of these issues may adversely affect our business growth and, as a result, impact our business, financial condition, results of operations and prospects.

17. *Our Company does not have any documentary evidence for the past Experience of some individual promoters.*

Our four promoters, Richard Blum, Adrienne Blum, Pascal Blum, and Simon Blum are unable to provide documentation evidencing their past experiences. Due to the lack of documents and relevant information from these promoters, we have disclosed details of their experience based on a management representation letter and the profiles provided by them. These details are included in their biographies in the chapter titled “*Our Promoters and Promoter Group*” as required under the SEBI ICDR Regulations. For further information, please refer to the chapter titled “*Our Promoters and Promoter Group*” on page 172 of this Draft Red Herring Prospectus.

18. *Our Promoters have extended personal guarantee in connection with some of our debt facilities to our company and one of our promoter group entity. There can be no assurance that such personal guarantee will be continued to be provided by our Promoters in future or can be called at any time, affecting the financial arrangements.*

Our Promoters, M/s Omega Bright Steel & Components Pvt. Ltd, Mr Ashwani Leekha, Mr Saksham Leekha, Mr Sanjeev Verma and Mrs Asha Narang has provided personal guarantee to secure our existing borrowings which are continuing and are in force as on the date of Draft Red herring Prospectus. As on this date, following were the bank guarantees extended by our Promoters as security for borrowings availed by our Company:

Name of the Lender	Amount of loan Sanctioned (₹ in lakhs)	Nature of Loan
Kotak Mahindra Bank	3,125.00	Term Loan & Working Capital Loan
Tata Capital	300.00	Term Loan

In the event any of default under any of the aforesaid facilities, there is a risk that the relevant lender for such facilities may require invoke our Promoters’ guarantee(s) or require additional guarantees or collateral or may enforce its rights against our Promoters. If we are unable to procure alternative guarantees satisfactory to our lenders, we may need to seek alternative sources of capital, which may not be available to us at commercially reasonable terms or at all, or to agree to more onerous terms

under our financing agreements, which may limit our operational flexibility. In addition, our Promoters may be required to liquidate their respective shareholding in our Company to settle the claims of the lenders, thereby diluting their shareholding in our Company. Accordingly, our business, the financial condition, results of operations, cash flows and prospects may be adversely affected by the revocation of all or any of the personal guarantees provided by our Promoters in connection with our Company's borrowings.

19. The shortage or non-availability of power may adversely affect our business, result of operations, financial conditions and cash flows.

We require substantial power for our manufacturing facilities. The following tables set forth below our power expenses in the years/ periods indicated:

Particulars	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount (₹ in lakhs)	Percentage of Revenue from Operations (%)	Amount (₹ in lakhs)	Percentage of Revenue from Operations (%)	Amount (₹ in lakhs)	Percentage of Revenue from Operations (%)
Power & Fuel Expenses	365.49	3.18%	231.11	2.40%	110.23	1.95%

We have our manufacturing facility Unit I at Pune, Maharashtra which depends on the delivery of an adequate and uninterrupted supply of electrical power. We have solar power supply for our Unit I which is located at Gat No. 309/312, Nanekarwadi, Chakan, Tal- Khed Dist-Pune-410501 measuring 2,200 sq. ft. We rely upon diesel generator sets for units to ensure continuity of operations in case of power outage. There have been no major instances of power failure in the last three years. For further details, see "Our Business – Our Units" on page 128 of this Draft Red Herring Prospectus. There can be no assurance that electricity supplied to our existing manufacturing facilities will be sufficient to meet our requirements or that we will be able to procure adequate and uninterrupted power supply in the future at a reasonable cost. If the per unit cost of electricity is increased by the state electricity board our power cost will increase. Any changes in government policies or local power and water shortages could adversely affect our production facility and ultimately our operations or financial condition may be adversely affected. A prolonged suspension in production could materially and adversely affect our business, financial condition, results of operations or cash flows.

20. Our Company had negative cash flows during certain fiscal years in relation to our operating, investing and financing activities. Sustained negative cash flows in the future would adversely affect our results of operations and financial condition

We have in the three preceding Fiscal Years, and may in future, experience negative cash flows from Operating, investing and financing activities. Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. If we are not able to generate sufficient cash flow, it may adversely affect our business and financial operations. We experienced negative cash flows in the following periods as indicated in the table below:

Particulars	(₹ in lakhs)		
	Year ended March 31, 2024	Year ended March 31, 2023	Year ended March 31, 2022
Net cash (used in)/ Generated from operating activities	520.41	145.47	638.63
Net cash (used in)/ Generated from investing activities	(1,068.17)	(1,383.43)	(597.00)
Net cash (used in)/ Generated from finance	545.66	1,258.97	(101.60)

Particulars	Year ended March 31, 2024	Year ended March 31, 2023	Year ended March 31, 2022
activities			
Net increase/ (decrease) in cash and cash equivalents	(2.10)	21.02	(59.97)

We cannot assure you that our net cash flows will be positive in the future. Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, prospects, results of operations and financial condition may be materially and adversely affected. For further details, see “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on pages 188 and 226, respectively.

21. *There have been some instances of incorrect filings with the Registrar of Companies and other non-compliances under the Companies Act in the past which may attract penalties.*

We have obtained the search report on RoC filing from the PCS firm M/s Jyoti Arya & Associates vide their report dated July 12, 2024. According to that report, in the past, there have been instances of delays in filing statutory forms such as form ADT-1, Form MGT-14, Form MSME-1, Form MGT -7, Form CHG-1, Form MR-1 and Form DIR-12 as per the reporting requirements under the Companies Act, which have been subsequently filed by payment of an additional fee as specified by RoC.

Further, there have been certain discrepancies in relation to statutory filings required to be made by the company with the RoC under applicable laws, as well as certain other non-compliances incurred by us under the Companies Act details of which are provided hereunder which have been intimated to the RoC by way of filing e-form GNL-2 form through letter dated July 8, 2024. The details of such discrepancies/errors are provided below:

- a) Our Company did not have a whole-time company secretary on its payroll during the period August 30, 2019 to April 01, 2021 when our Company was required to have a whole time company secretary on its rolls in accordance with Section 203 of Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, requires that within six months of a vacancy, every company having paid-up share capital of ₹ 10 Crore or more to appoint the Company Secretary in whole-time employment. If a company contravenes such provisions, the company shall be punishable with fine. However, our company has voluntarily filed applications on July 11, 2024 using e-Form GNL-1 before the RoC under [Pursuant to rule 12(2) of the Companies (Registration offices and Fees) Rules,2014] of the Companies Act, 2013.
- b) Our Company has inadvertently not mentioned some date of Board meetings in e-form MGT-7 and Boards’ Report in the reporting period 2017-18, 2018-19, 2020-21, 2021-22 and 2022-23 However, Board of Directors of our Company has taken the note of the said discrepancies found in the statutory forms. These clerical errors were not substantial in nature and the concerned ROC has not issued any show-cause notice in respect to the above has been received by our Company till date and except as stated in this Draft Red Herring Prospectus, no penalty or fine has been imposed by any regulatory authority in respect to the same.

Although, no regulatory action, fine or penalty has been taken/ levied on our Company for the abovementioned purported default / non-compliance, however, it cannot be assured that no such regulatory action, fine or penalty will be taken/ levied in the future. Further, we cannot assure you that such non-compliances will not occur in the future. Therefore, if the concerned authorities impose monetary penalties on us or take certain punitive actions against our Company or its directors/ officers in relation to the same, our business and financial condition could be adversely affected.

22. *We presently do not own the trademark or logo under which we currently operate and if third parties infringe the trademark, logo and intellectual property that we use, our business and reputation would be adversely affected.*

Our Company has applied for trademark registration of Company's logo. The application made by our Company for registration of trademark, and under Class 6 of the Trade Marks Act, 1999 has been Accepted & Advertised. For further details, please see "*Government and Other Statutory Approvals*" beginning on page 239 of this Draft Red Herring Prospectus. With respect to our trademark that have been applied for and/or are under Accepted and Advertised, we cannot assure you that we will be successful in registration of trademark. As a result, we may not be able to prevent infringement of our trademarks and a passing off action may not provide sufficient protection until such time that this registration is granted.

We cannot guarantee that any of our registered or unregistered intellectual property rights, or claims thereto, will now or in the future successfully protect what we consider to be the intellectual property underlying our business, or that our rights will not be opposed or otherwise challenged. While we endeavour to ensure that we comply with the intellectual property rights, there can be no assurance that we will not face any intellectual property infringement claims brought by third parties. Any claims of infringement, regardless of merit or resolution of such claims, could force us to incur significant costs in responding to, defending and resolving such claims and may divert the efforts and attention of our management away from our business. We could be required to change the name of our Company, pay third party infringement claims or obtain fresh licenses resulting from a name change. The occurrence of any of the foregoing could result in unexpected expenses.

23. *Our operations are labour intensive, and our manufacturing operations may be subject to unionization, work stoppages or increased labour costs, which could adversely affect our business and results of operations.*

Our manufacturing activities are labour intensive and expose us to the risk of various labour related issues. Whilst we have not faced any strike by our workforce, we cannot assure you that we will not be subject to work stoppages, strikes, lockouts or other types of conflicts with our employees or contract workers in the future. The success of our operations depends on availability of labour and maintaining a good relationship with our workforce. As of July 12, 2024, we employed about 567 workmen and 84 skilled employees across our manufacturing units. We do not have any trade union registered under the Trade Unions Act, 1926. In the past three years, we have not experienced any labour dispute except the ongoing dispute with labour, details whereof have been disclosed in chapter titled "*Outstanding Litigations and Material Developments*" on page 235. We do not have any formal policy for redressal of labour disputes. Shortage of skilled/ unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. We may also have to incur additional expenses to train and retain skilled labour. We are also subject to a number of stringent labour laws that protect the interests of workers, including legislation that imposes financial obligations on employers upon retrenchment. There can be no assurance that we will not experience labour unrest in the future, which may delay or disrupt our operations. In the event of any prolonged delay or disruption of our business, results of operations and financial condition could be materially and adversely affected.

Our Country India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits.

24. *Our operations are subject to environmental and health and safety laws and other government regulations which could result in increased liabilities and increased capital expenditures.*

Our operations are subject to environmental, health and safety and other regulatory and/ or statutory requirements in the jurisdictions in which we operate. Our operations may generate significant amounts of pollutants and waste, some of which may be hazardous. We are accordingly subject to various national, state, municipal and local laws and regulations concerning environmental protection in India, including laws addressing the discharge of pollutants into the air and water, the management and disposal of any hazardous substances, and wastes and the clean-up of contaminated sites. Noncompliance with these laws and regulations, which among other things, limit or prohibit emissions or spills of toxic substances produced in connection with our operations, could expose us to civil penalties, criminal sanctions and revocation of key business licenses. Environmental laws and regulations in India are becoming more stringent, and the scope and extent of new environmental regulations, including their effect on our operations, cannot be predicted with any certainty. In case of any change in environmental or pollution regulations, we may be required to invest in, among other things, environmental monitoring, pollution control equipment, and emissions management.

As a consequence of unanticipated regulatory or other developments, future environmental and regulatory related expenditures may vary substantially from those currently anticipated. We cannot assure you that our costs of complying with current and future environmental laws and other regulations will not adversely affect our business, results of operations, financial condition, or cash flows. In addition, we could incur substantial costs, our products could be restricted from entering certain markets, and we could face other sanctions, if we were to violate or become liable under environmental laws or if our products become non-compliant with applicable regulations. Our potential exposure includes fines and civil or criminal sanctions, third-party property damage or personal injury claims and clean-up costs. The amount and timing of costs under environmental laws are difficult to predict.

25. We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with our Shareholders.

In the ordinary course of our business, we enter into and will continue to enter into transactions with related parties. For further information on our related party transactions, please see “*Note 28 – Related Party Transactions*” in the chapter titled “*Restated Financial Statements*” on page 188. While that all such related party transactions that we have entered into are conducted on an arms’ length basis in accordance with the Companies Act and other applicable regulations pertaining to the evaluation and approval of such transactions and all related party transactions that we may enter into post-listing, will be subject to board or shareholder approval, as necessary under the Companies Act and the Listing Regulations, in the interest of our Company and its minority shareholders and in compliance with the Listing Regulations, we cannot assure you these arrangements in the future, or any future related party transactions that we may enter into, individually or in the aggregate, will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects.

26. Conflict of interest may arise as our Promoter group entities and Group entities are authorized to carry on similar line of business as our Company which may lead to real or potential conflicts of interest for our Promoters or Directors

Our Promoter and Promoter group entities namely, Omega Bright Steel & Component Private Limited (“*OBSCPL*”), Omega Bright Steel Private Limited (“*OB SPL*”), Gopalsons Steels Private Limited, Special Steel Corporation (Partnership firm) and Perfection Engineers, are engaged in similar line of a business according to main object of Memorandum of Association and Partnership deed. However, as on date of draft red herring prospectus, they are manufacturer and trader of High/Low Carbon steel bright bars. Therefore, there may be conflict of interest in allocating business opportunities between us, and our Promoter or our promoter group entities. We cannot assure you that there will not be any conflict of interest between our Company and our Promoters or promoter group entities in future. We have not entered into any non-compete agreements with such our Promoters or promoter group entities and there can be no assurance that such entities will not compete with our existing business or any future business that we might undertake or that we will be able to suitably resolve such a conflict without an adverse effect on our business and financial performance. While necessary procedures and practices may be adopted as permitted by law to address any instances of conflict of interest, if and

when they may arise, we cannot assure you that these or other conflicts of interest will be resolved in an impartial manner.

27. We have outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.

A summary of outstanding matters set out below includes details of civil and criminal proceedings, tax proceedings, statutory and regulatory actions and other material pending litigation involving us, our Directors, our Promoters and our Group company, as at the date of this Draft Red Herring Prospectus:

^As per website of Income Tax, the above e-proceedings are shown as pending with “open” or “pending” status. However, there exist no outstanding demand against the Promoters.

We cannot assure you that the outstanding litigation matter will be settled in our favour or that no additional liabilities will arise out of the proceeding. In addition to the above, we could also be adversely affected by complaints, claims or legal actions brought by persons, including before consumer forums or sector-specific or other regulatory authorities in the ordinary course of business or otherwise, in relation to our business operations, our branding or marketing efforts or campaigns or our policies. We may also be subject to legal action by our employees and/or former employees in relation to alleged grievances, such as termination of employment. We cannot assure you that such complaints, claims or requests for information will not result in investigations, enquiries or legal actions by any regulatory authority or third persons against us.

For further details of certain material legal proceedings involving our Company, our Promoters and our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 235 of this Draft Red Herring Prospectus.

28. The average cost of acquisition of Equity Shares for our Promoters may be lower than the Issue Price.

The average cost of acquisition of Equity Shares for our Promoters may be lower than the Issue Price. The details of the average cost of acquisition of Equity Shares held by our Promoters as at the date of the Draft Red Herring Prospectus is set out below.

Sr. No.	Name of Promoters	No. of Equity Shares held	Average cost of acquisition (in ₹ per equity share)
1.	Omega Bright Steel & Components Private Limited	8,925,000	6.67
2.	Ashwani Leekha	4,462,500	6.67
3.	Saksham Leekha	3,587,847	6.67

** As certified by M/s PK Chand & Co., Chartered Accountants by way of their certificate dated July 18, 2024.*

For more details regarding weighted average cost of acquisition of Equity Shares by our Promoters and build-up of Equity Shares by our Promoters in our Company, see “*Summary of the Issue Document – Average cost of acquisition*” on page 24.

29. We have incurred borrowings from commercial banks and any non-compliance with repayment and other covenants in our financing agreements could adversely affect our business and financial condition.

As of June 30, 2024, we had a Secured Long-Term and Term Loan of ₹ 1,298.79 Lakhs and Secured Short Term Cash Credit of ₹ 1,074.36 against Hypothecation of stocks and book debt. Any failure to service such indebtedness, or otherwise perform any obligations under such financing facility may lead to termination our credit facility or incur penalties and acceleration of payments under such credit facility, foreclosure on our assets, trigger cross-default provisions under certain of our other financing agreements which may adversely affect our financial condition and our ability to conduct and implement our business plans.

We have received consent/NOC from our lenders Kotak Mahindra bank Limited and Tata Capital Financial Services Limited. The restrictive covenants may affect some of the rights of our Shareholders.

Further, any fluctuations in the interest rates may directly impact the interest costs of such loans and affect our business, financial condition, results of operations and prospects. Our ability to make repayments and refinance our indebtedness will depend on our continued ability to generate cash from our future operations. We may not be able to generate enough cash flow from operations or obtain enough capital to service our debt. For further information, please see “*Financial Indebtedness*” beginning on page 233 of this Draft Red Herring Prospectus.

30. Certain unsecured loans have been availed by us which may be recalled by lenders.

As of June 30, 2024, we had availed unsecured loan of ₹ 2,254.56 Lakhs with interest in the form of inter-corporate loan, loans from our Promoter and promoter groups. Any failure to service such indebtedness, or otherwise perform any obligations under such financing agreements may lead to acceleration of payments under such credit facilities, which may adversely affect our Company. For further information, see “*Financial Indebtedness*” on page 233

31. We operate in a competitive and fragmented industry with low barriers to entry and may be unable to compete with a range of unorganized sector.

In the dynamic landscape of the precision metal component manufacturing business, particularly in the auto ancillary segment, one of the formidable challenges arises is competition from organized and unorganized sector at the national and regional level. Further, we compete against established

players also, which may have greater access to financial, technical and marketing resources and expertise available to them than us in the products and services in which we compete against them.

Further, industry consolidation may affect competition by creating larger, more homogeneous and potentially stronger competitors in the markets in which we compete. Our competitors may further affect our business by entering into exclusive arrangements with our existing or potential clients. There can be no assurance that we will be able to compete successfully against such competitors or that we will not lose our key core employees, associates or clients to such competitors. Additionally, our ability to compete also depends in part on factors outside our control, such as the availability of skilled resources, pricing pressures in the staffing industry and the extent of our competitors' responsiveness to their client's needs. Our continued success depends on our ability to compete effectively against our existing and future competitors. With the potential entry of new competitors, given the low entry barriers in the industry where we operate, our ability to retain our existing clients and to attract new clients is critical to our continued success. As a result, there can be no assurance that we will not encounter increased competition in the future nor can there be any assurance that we will, in light of competitive pressures, be able to effectively compete with our competition in the various product and service segments we operate in, whether on the basis of pricing, quality or range of services or otherwise, which could have material adverse effect on our business, results of operations and financial condition.

32. We are dependent on third-party transportation providers for the supply of raw materials and delivery of our finished products and any failure to maintain a continuous supply of raw materials or to deliver our products to our customers in an efficient and reliable manner could have a material and adverse effect on our business, financial condition and results of operations.

As a Manufacturing business, our success depends on the smooth supply and transport of the various raw materials required for our manufacturing facilities and of our products from our manufacturing facilities to our customers, or delivery points and further to our distributors, which are subject to various uncertainties and risks. We transport our raw materials and our finished products by road and sea. We use third-party freight and transportation providers for the delivery of our products. We do not have formal contractual relationships with such logistic companies and freight forwarders, particularly in the export markets. We maintain marine open insurance policy to cover any damage to our products during transit. Transportation strikes, if any, could have an adverse effect on supplies and deliveries to and from our distributors and suppliers. Further, on account of the COVID-19 pandemic, our manufacturing operations were shut down and our third-party transportation providers' operations were also closed during the lockdown imposed by the Government.

Further, raw materials and finished products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be a delay in delivery of raw materials and products which may also affect our business and results of operations negatively. A failure to maintain a continuous supply of raw materials or to deliver our products to our customers in an efficient and reliable manner could have a material and adverse effect on our business, financial condition and results of operations. Any compensation received from insurers or third-party transportation providers may be insufficient to cover the cost of any delays and will not repair damage to our relationships with our affected customers. We may also be affected by an increase in fuel costs, as it will have a corresponding impact on freight charges levied by our third-party transportation providers. This could require us to expend considerable resources in addressing our distribution requirements, including by way of absorbing these excess freight charges to maintain our selling price, which could adversely affect our results of operations or passing these charges on to our customers, which could adversely affect demand for our products.

33. We engage contract workers for carrying out functions of our business operations. In the event of non-availability of such contract workers at reasonable cost, any adverse regulatory orders or any default on payments to them by the agencies could lead to disruption of the manufacturing facilities and our business operations.

We engage independent contractors through whom we engage contract workers for performance of certain functions at our manufacturing units. While we have not faced any breach of agreements executed with such independent contractors in the last three Fiscals and in the current Fiscal until the date of this Draft Red Herring Prospectus, there is no assurance that such breach will not occur in the future. Further, while we have not encountered such instance in the past, we cannot assure that we will be able to renew the engagement with our independent contractors at commercially viable terms or at all. As of July 12, 2024 we engaged a total of 567 contract workers/ temporary employees. Although we do not engage these contract workers directly, we are responsible for any wage payments to be made to such labourers in the event of default by their respective independent contractors. Any requirement to fund such defaulted wage requirements may have an adverse impact on our business, results of operations, financial condition, cash flows and future prospects.

Our industry is labour intensive and our dependence on contract labour may result in significant risks for our operations, relating to the cost, availability and skill of such contract labourers in India, as well as contingencies affecting availability of such contract labour during peak periods in labour intensive industries such as ours. There can be no assurance that we will have adequate access to skilled and unskilled workmen at reasonable rates. Any increase in the cost of labour or failure to procure availability of labour due to any other reason, will adversely affect our business, results of operations, financial condition, cash flows and future prospects.

In addition, pursuant to the Contract Labour (Regulation and Abolition) Act, 1970, as amended, the appropriate government may, after consultation with the Central Advisory Contract Labour Board or the State Advisory Contract-Labour Board, as the case may be prohibit, by notification, the employment of contract labour in any process, operation or other work in any establishment. We cannot assure you that such a notification will not be issued by the appropriate government in respect of the locations of our manufacturing facilities. If such a notification prohibiting the employment of contract labour is issued with respect to our operations, it will have an adverse impact on our ability to employ contract labour in our manufacturing and other operations, and may adversely affect our business, results of operations, financial condition, cash flows and future prospects.

34. *Our overall margins may fluctuate as a result of the product manufactured by us.*

Our overall margins may fluctuate depending on the product manufactured. For example, the gross margin of any given product could depend on the total volume manufactured, complexity of manufacturing processes, technology deployed, and other factors. As a result, a change in product mix may decrease the gross margins and operating margins of our Company, which could have a material adverse effect on our business, financial condition and results of operations. Our ability to maintain our profitability depends on our ability to optimize the product mix to support high-margin products and products with consistent long-term demand and the demand and supply balance of our products in the principal and target markets.

Furthermore, our different lines of business present different levels of profitability and opportunity for growth. If we fail to increase or maintain the proportion of certain products that are profitable in our portfolio this may lead to a reduction in our profitability. If we are not able to attract a sufficient market share of products in growing sectors we may also not be able to continue to grow our business which may lead to a loss of our market position.

35. *Unplanned slowdowns or shutdowns of our manufacturing operations could have an adverse effect on our business, results of operations, financial condition, cash flows and future prospects.*

Our business is dependent upon our ability to efficiently manage our manufacturing facilities, which is subject to various operating risks, including productivity of our workforce, increase in employee costs, compliance with regulatory requirements and circumstances beyond our control, such as the breakdown and failure of equipment or industrial accidents, severe weather conditions, natural disasters and infectious disease outbreaks such as the COVID- 19 pandemic. Any malfunction or breakdown of our machinery may require significant repair costs and consequently cause delays in our operations. We may also face protests from local citizens at our existing manufacturing facilities

or while setting up new facilities, which may delay or halt our operations. There are no instances of unplanned slowdowns or shutdowns in the manufacturing operations of our Company in the last three Fiscals and in the current Fiscal until the date of this Draft Red Herring Prospectus, except for instances due to COVID-19.

Our operations also require a significant amount and continuous supply of electricity, and any shortage or nonavailability of such utilities may adversely affect our operations. We have significant power requirements and any disruption to power sources could increase our production costs and adversely affect our results of operations. Any interruption in the continuous supply of electricity may negatively impact the quality of the final product manufactured by us, which may result in delays in delivery of our products or non-delivery, resulting in loss of revenue and adversely affecting our reputation or customer relationships. A prolonged interruption of electricity supply can also result in manufacturing slowdown or shutdowns, increased costs associated with restarting manufacturing and the loss of manufacturing in progress. The occurrence of any such event in the future could have an adverse effect on our business, results of operations, financial condition, cash flows and future prospects. Our inability to effectively respond to any shutdown or slowdown and rectify any disruption, in a timely manner and at an acceptable cost, could lead to an inability to comply with our customers' requirements and result in us breaching our contractual obligations.

36. We may be subject to significant risks and hazards when operating and maintaining our Manufacturing Facilities, for which our insurance coverage might not be adequate.

Our total insurance cover includes Buildings, plant and equipment, Furniture, fixtures and fittings and Marine Cargo and others, as on June 30, 2024 is ₹ 17,505 Lakhs. We operate from three units situated in the state of Maharashtra and state of Chennai. We generally perform scheduled and unscheduled maintenance and operating and other asset management services. The manufacturing of products involves handling certain risky material which, if not handled properly, can be dangerous. In addition to natural risks such as earthquake, flood, lightning, cyclones and wind, other hazards, such as fire, structural collapse and machinery failure are inherent risks in our operations. They can cause significant personal injury or loss of life, severe damage to and destruction of property, plant and equipment and may result in the suspension of operations. The occurrence of any one of these events may result in our being named as a defendant in lawsuits asserting claims for substantial damages, including for cleanup costs, personal injury and property damage and fines and/ or penalties. There have been no instances in the last three years.

We maintain an amount of insurance protection that we consider adequate including insurance policy covering fire, damage to buildings, plant and machinery, stocks (raw materials and finished goods), vehicles and policy covering damage to goods in domestic transit. We may not have identified every risk and further may not be insured against every risk because such risks are either uninsurable or not insurable on commercially acceptable terms, including operational risk that may occur and the occurrence of an event that causes losses in excess of the limits specified in our policies, or losses arising from events or risks not covered by insurance policies such as COVID-19 and other pandemics, or due to the same being inadequate, could materially harm our cash flows, financial condition and future results of operations. Further, while there has been no past instance of inadequate insurance coverage for any loss, we cannot assure that we will continue to accurately ascertain and maintain adequate insurance for losses that may be incurred in the future. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. Any claim brought against us, with or without merit, could result in reputational damage, and even unsuccessful claims could result in substantial costs and diversion of management resources. A successful claim not fully covered by our insurance could have a negative impact on our reputation, financial condition, and results of operations. For further information on our insurance arrangements, see "Our Business – Insurance" on page 128 of this Draft Red Herring Prospectus.

37. We have issued Equity Shares during the last one year at a price that may be below the Issue Price.

During the last one year we have issued Equity Shares at a price that may be lower than the Issue Price:

Date of Allotment	Number of Equity Shares	Face Value per Equity Share (₹)	Issue Price per Equity Share (₹)	Nature of Consideration (Cash/ Other than Cash)	Nature of allotment
March 18, 2024	59,50,000	10	NA	Other than cash	Bonus Issue

For further details, please refer to the chapters “*Capital Structure*” beginning on page 82 of this Red Herring Prospectus.

38. Significant failure or disruption of our information technology systems could adversely impact our business, results of operations and financial condition.

We have implemented various information technology (“IT”), enterprise resource planning (“ERP”) solutions to cover key areas of our operations, R&D, quality control, procurement, dispatch and accounting. We also have various automation systems and software that automate our manufacturing and production. Although we have not had any material incidents in Fiscal 2024, Fiscal 2023 and Fiscal 2022, these systems are potentially vulnerable to damage or interruption from a variety of sources, which could result from (among other causes) cyber-attacks on or failures of such infrastructure or compromises to its physical security, as well as from damaging weather or other acts of nature. A significant or large-scale malfunction or interruption of one or more of our IT, ERP or manufacturing automation systems could adversely affect our ability to keep our operations running efficiently and affect product availability, particularly in the country, region or functional area in which the malfunction occurs, and wider or sustained disruption to our business cannot be excluded. In addition, it is possible that a malfunction of our data system security measures could enable unauthorized persons to access sensitive business data, including information relating to our business strategy or those of our customers. Such malfunction or disruptions could cause economic losses for which we could be held liable or cause damage to our reputation. Any of these developments, alone or in combination, could have a material adverse effect on our business, results of operations and financial condition. Further, unavailability of, or failure to retain, well trained employees capable of constantly servicing our IT, manufacturing automation systems and/or ERP systems may lead to inefficiency or disruption of our operations and thereby adversely affecting our business, results of operations and financial condition.

39. We have not independently verified data from the industry and related data contained in this Draft Red Herring Prospectus.

We have not independently verified data from the industry and related data contained in this Draft Red Herring Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled. Therefore, discussions of matters relating to India, its economy or the industry in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

40. Our Promoters will continue to retain significant shareholding in our Company after the Issue, which will allow it to exercise control over us.

After the completion of the Issue, our Promoters will hold [●]% of our Equity Shares on a fully diluted basis. Accordingly, post completion of the Issue, our Promoters is expected to retain majority shareholding in our Company will continue to exercise control over our business and all matters requiring shareholders’ approval, including the composition of our Board of Directors, the adoption

of amendments to our charter documents, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, lending, investments and capital expenditures. There can be no assurance that our Promoters will exercise its rights as a Shareholder to the benefit and best interests of our Company. The interests of our Promoters, as our Company's significant Shareholder and exercising control over our Company, could be different from the interests of our other Shareholders and their influence may result in change of management or control of our Company, even if such a transaction may not be beneficial to our other Shareholders.

41. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.*

We have not declared dividend in the past. For further information, see "Dividend Policy" on page 187 of this Draft Red Herring Prospectus. Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. The declaration and payment of dividends will be recommended by the Board of Directors and approved by the Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act. We may retain all future earnings, if any, for use in the operations and expansion of the business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board in accordance with the dividend distribution policy as may be adopted by our Board from time to time and will depend on factors that our Board deems relevant, including among others, our Company's profitability, capital requirements, financial commitments and requirements, including business and expansions plans, applicable legal restrictions and any other financing arrangements. We cannot assure you that we will be able to pay dividends in the future. Accordingly, realization of a gain on Shareholders' investments will depend on the appreciation of the price of the Equity Shares. There is no guarantee that our Equity Shares will appreciate in value.

42. *In addition to normal remuneration or benefits and reimbursement of expenses, some of our Directors, key managerial personnel and Senior Managerial Personnel are interested in our Company to the extent of their shareholding in our Company.*

Our Promoters and Directors may be deemed to be interested in addition to regular remuneration or benefits and reimbursement of expenses from our Company, and such interests are to the extent of the Equity Shares held by them, or their relatives, and benefits deriving from their directorship and shareholding in our Company. Our Promoters are interested in the transactions entered into between our Company and themselves as well as between our Company and our Promoter Group Entities. For the payments that are made by our Company to related parties including remuneration to our directors, see "Summary of the Offer Document – Summary of Related Party Transactions", "Our Management" "Our Promoter and Promoter Group" on page 24, 154 and 172 respectively. Additionally, our Promoters, M/s Omega Bright Steel & Components Pvt. Ltd, Mr Ashwani Leekha, Mr Saksham Leekha, Mr Sanjeev Verma and Mrs Asha Narang and has provided personal guarantee for certain of our borrowings, which has been sanctioned ₹ 3,425 lakhs as of June 30, 2024 and our business, financial condition, results of operations and prospects may be adversely affected by the revocation of all or any of the guarantees provided by our Promoters in connection with our Company's borrowings. For more information, see "Financial Indebtedness" on page 233.

43. *There is no guarantee that our Equity Shares will be listed on the Stock Exchanges in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until Allotment of Equity Shares pursuant to this Issue.

In accordance with current regulations and circulars issued of SEBI, our Equity Shares are required to be listed on the stock exchanges within such time as mandated under UPI Circulars, subject to any change in the prescribed timeline in this regard. However, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all. Any failure or delay in obtaining final listing and trading approvals may restrict your ability to dispose of your Equity Shares.

44. We are exposed to foreign currency exchange rate fluctuations, which may adversely affect our results of operations.

Our financial statements are prepared in Indian Rupees. However, our sales from exports are denominated in foreign currencies. Accordingly, we have currency exposures relating to buying and selling in currencies other than in Indian Rupees.

Our revenues from exports for the relevant periods was as below:

<i>(₹ in Lakhs)</i>			
Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Revenue from exports	1,944.63	1,275.80	996.32

Therefore, changes in the relevant exchange rates could also affect sales, operating results and assets and liabilities reported in Indian Rupees as part of our financial statements. We face foreign exchange rate risk as certain portion of our revenues are denominated in a currency other than the Indian Rupee. Because of our foreign currency exposure, exchange rate fluctuations between the Indian Rupee and foreign currencies, can have a material impact on our results of operations, cash flows and financial condition. Our net foreign exchange gain/(loss) for the Fiscal 2024, Fiscal 2023 and Fiscal 2022 as per our Restated Financial Statements was ₹ 56.98 lakhs, ₹ 15.46 lakhs, and ₹ 11.64 lakhs respectively and constituted 0.50%, 0.16% and 0.21% of our revenue from operations for the Fiscal 2024, Fiscal 2023 and Fiscal 2022, respectively. These gains/losses were related to instances where the market exchange rate at the time of transaction was in our favour or against us as compared to the rates we had applied when the transactions were accounted. Our company currently does not engage in any kind of hedging contracts for exchange rate fluctuations, we may enter into the same in future which may or may not adequately cover the potential loss that may arise as a result of such foreign exchange transactions. Moreover, the hedges may not cover all such exposures and are in any event subject to their own risks, including counterparty credit risk. Adverse moves in exchange rates may adversely impact our profitability and financial condition. We cannot guarantee that we will not experience losses, on account of fluctuations in currencies going forward, and such losses may have an adverse effect on our business, results of operations and financial condition.

We face foreign exchange rate risk as certain portion of our revenues are denominated in a currency other than the Indian Rupee. Because of our foreign currency exposure, exchange rate fluctuations between the Indian Rupee and foreign currencies, can have a material impact on our results of operations, cash flows and financial condition.

45. Our employees may engage in misconduct or other improper activities, including non-compliance with regulatory standards and requirements.

We are exposed to the risk of employee fraud or other misconduct. Misconduct by employees could include intentional failures to comply with any regulations applicable to us, to provide accurate information to regulatory authorities, to comply with manufacturing standards we have established, or to report financial information or data accurately or disclose unauthorized activities to us. In particular, sales, marketing and business arrangements in our industry are subject to laws and regulations intended to prevent fraud, misconduct, kickbacks, self-dealing and other abusive practices. These laws and regulations may restrict or prohibit a wide range of pricing, discounting, marketing and promotion, sales commission, customer incentive programs and other business arrangements. While we have not faced such instances for the Fiscal 2024, Fiscal 2023 and Fiscal 2022, there can be no assurance that we will be able to identify and deter such misconduct, and the precautions we take to detect and prevent this activity may not be effective in controlling unknown

or unmanaged risk. If our employees engage in any such misconduct, we could face criminal penalties, fines, revocation of regulatory approvals and harm to our reputation, any of which could form a material adverse effect on our business.

46. *The objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institutions. Any variation in the utilization of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior Shareholders' approval.*

We propose to utilize the Net Proceeds for funding capital expenditure towards expansion of our existing and proposed manufacturing facilities at Unit III and IV. Such objects have not been appraised by any bank or financial institution, for further details of the proposed objects of the Issue, see “*Objects of the Issue*” beginning on page 93. At this juncture, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013 and Schedules XI and XX of the SEBI ICDR Regulation, any material deviation in the utilisation of the Net Proceeds as disclosed in this Draft Red Herring Prospectus requires the Company to obtain the approval of shareholders of our Company through a special resolution. In such event, we may not be able to obtain the approval of the shareholders of our Company in a timely manner, or at all. Any delay or inability in obtaining such approval of the shareholders of our Company may adversely affect our business or operations.

Further, our Company and Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with the material deviation of the proposed utilization of Net Proceeds, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders of our Company may deter the Promoters from agreeing to the material deviation of the proposed utilisation of the Net Proceeds, even if such material deviation is in the interest of our Company. Further, we cannot assure you that the Promoters will have adequate resources at their disposal at all times to enable them to provide an exit opportunity.

In light of these factors, we may not be able to undertake material deviation of the proposed utilization of the Net Proceeds to use any unutilized proceeds of the Issue, if any, even if such material deviation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Issue Proceeds, if any, which may adversely affect our business and results of operations.

47. *The activities carried out at our manufacturing facilities, including any hazardous activity, can cause injury to people or property in certain circumstances.*

The activities carried out at our manufacturing facilities may be potentially dangerous to our employees. While we provide a safe and healthy working environment which is compliant with applicable occupational health and safety management system and environmental management system regulations, we believe to be adequate insurance including insurance policies for accidents, there is a risk that an accident may occur at our manufacturing facilities.

An accident may result in personal injury to our employees, or the labour deployed at our manufacturing facilities, destruction of property or equipment, manufacturing or delivery delays, environmental damage, or may lead to suspension of our operations and/or imposition of liabilities. We have not encountered any fatalities or any employee injuries in the last three Fiscals and in the current Fiscal until the date of this Draft Red Herring Prospectus. However, any such future accident may result in litigation, the outcome of which is difficult to assess or quantify, the cost to defend such litigation can be significant and our insurance may not be sufficient to provide complete coverage. As a result, the costs to defend any action or the potential liability resulting from any such accident or death or arising out of any other litigation, and any negative publicity associated

therewith, may have a negative effect on our business, results of operations, financial condition, cash flows and future prospects.

Our operations are subject to operating risks associated with manufacturing, including related to handling and storage of raw materials used in our manufacturing processes. Despite compliance with requisite safety requirements and standards, our operations are subject to significant hazards, including:

- explosions;
- fires;
- mechanical failures and other operational problems
- inclement weather and natural disasters; and
- discharges or releases of hazardous substances, chemicals or gases.

The occurrence of any of these hazards could result in a suspension of operations and the imposition of civil or criminal liabilities. We may also face claims and litigation, in India or overseas, filed on behalf of persons alleging injury predominantly as a result of occupational exposure to hazards at our manufacturing facilities. If these claims and lawsuits, individually or in the aggregate, are resolved against us, our business, results of operations and financial condition could be adversely affected.

48. QIB and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until Bid/ Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within three working days from the Bid/ Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

49. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.

The Equity Shares will be listed on the Stock Exchange. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchange. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately One Working Days from the Bid Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchange is expected to commence within Three Working Days of the Bid Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchange. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

50. *Any future issuance of Equity Shares, or convertible securities or other equity linked instruments by us may dilute the shareholding of the Investor, or any sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.*

Any future issuance of Equity Shares by our Company could dilute the shareholding of the investor. Any such future issuance of our Equity Shares or sales of our Equity Shares by any of our significant shareholders may adversely affect the trading price of our Equity Shares and could impact our ability to raise capital through an offering of our securities. While the entire Post-Issue paid-up share capital, held by our Promoter or other shareholders will be locked-in for a period of 1 (one) year and minimum promoter contribution subject to a minimum of 20% of our post-Issue paid-up capital will be locked-in for a period of 3 (three) years from the date of allotment of Equity Shares in the Issue, upon listing of our Equity Shares on the Stock Exchanges. For further information relating to such Equity Shares that will be locked-in, please refer to the section titled “*Capital Structure*” beginning on page 82 of this Red Herring Prospectus. Any future issuance or sale of the equity shares of our Company by our Promoters or by other significant shareholder(s) or any perception or belief that such sales of Equity Shares might occur may significantly affect the trading price of our Equity Shares.

External Risk Factors

51. *Financial instability in other countries may cause increased volatility in Indian financial markets.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe and certain emerging economies in Asia. Financial turmoil in Asia, Europe and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. For example, the full-scale military invasion of Russia into Ukraine and the subsequent sanctions placed on Russia by various countries has substantially affected the economic stability of the world and such volatility could impact our Company’s growth. In addition, the market price of oil has risen sharply since the commencement of hostilities in Ukraine, which may have an inflationary effect in India and other countries. A prolonged war or a protracted period of hostilities in the Ukraine may lead to global economic disturbances.

In addition, the USA is one of India’s major trading partners and any possible slowdown in the American economy could have an adverse impact on the trade relations between the two countries. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition, results of operation, and cash flows. These developments, or the perception that any of them could occur, have had and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, and cash flows, and reduce the price of the Equity Shares.

52. Any adverse revision to India's debt rating by a domestic or international rating agency could adversely affect our business.

India's sovereign debt rating could be adversely affected due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and financial performance, ability to obtain financing for capital expenditures and the price of the Equity Shares.

53. Compliance with applicable health, safety, environmental and other governmental regulations may be costly and adversely affect our results of operations.

Compliance with applicable health, safety, environmental and other governmental regulations is time consuming, costly and requires a number of dedicated personnel. We are subjected to payment of fees and levies on an ongoing basis with respect to a number of licences, approvals, consents and permissions we are required to obtain from governmental authorities. We are required to periodically maintain a number of records and registers and file a number of returns. Ensuring compliance requires that we hire trained personnel across our locations. Our compliance costs may adversely affect our revenue.

54. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

55. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

56. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance

certificate from the Indian income tax authorities. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all. For further information, see “*Restrictions on Foreign Ownership of Indian Securities*” on page 306 of Red Herring Prospectus.

57. Investors may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution.

However, if the law of the jurisdiction the investors are in, does not permit them to exercise their pre-emptive rights without our Company filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless our Company makes such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor’s benefit. The value such custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emptive rights granted in respect of the Equity Shares held by them, their proportional interest in our Company would be reduced.

58. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter, or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of Equity Shares at a premium to the market price or would otherwise be beneficial to the shareholders. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the SEBI Takeover Regulations.

59. You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹ 1 lakh, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation,

a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

60. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in the Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately five Working Days from the Bid/ Issue Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within three Working Days of the Bid/ Issue Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

Book Building Process

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of [●], an English national newspaper, all editions of [●], a Hindi national newspaper and regional editions of [●], a [●] daily newspaper, (Hindi being the regional language of Delhi where our Registered Office is located) at least two working days prior to the Bid/Issue Opening date. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process are:

- Our Company;
- The Book Running Lead Manager, in this case being Unistone Capital Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters. The Syndicate

- Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue, in this case being Bigshare Services Private Limited;
 - The Escrow Collection Banks/ Bankers to the Issue and
 - The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “**Anchor Investor Portion**”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, other than Anchor Investors are mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Anchor Investors are not allowed to revise and withdraw their Bids after the Anchor Investor Bidding Date. Retail Individual Bidders can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI

as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning on page 271 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue. For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 271 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 271 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/ Issue Program:

Event	Indicative Dates
Bid/ Issue Opening Date ⁽¹⁾	[●]
Bid/Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]

Event	Indicative Dates
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

⁽¹⁾Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI (ICDR) Regulations. The Anchor Investor Bid/ Issue Period shall be one Working Day prior to the Bid/ Issue Opening Date in accordance with the SEBI (ICDR) Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); 'T' being issue closing date. Our Company shall follow the timelines provided under the aforementioned circular.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and National Stock Exchange of India Limited Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Details of the Market Making Arrangement for this Issue

Our Company and the Book Running Lead Manager, have entered into an agreement dated [●] with [●], a Market Maker registered with Emerge Platform of NSE Limited in order to fulfil the obligations of Market Making

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the exchange in advance for each and every blackout period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and Emerge Platform of NSE Limited from time to time.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. The shares of the Company will be traded in continuous trading session from the time and day the company gets listed on Emerge Platform of NSE Limited and Market Maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems or any other problems. All

controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange to decide controllable and non-controllable reasons would be final.

8. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
9. The Market Maker shall have the right to terminate the said arrangement by giving three months-notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above mentioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time.

10. **Risk containment measures and monitoring for Market Maker:** Emerge Platform of NSE Limited will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
11. **Punitive Action in case of default by Market Maker:** Emerge Platform of NSE Limited will monitor the obligations on a real-time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

12. Price Band and Spreads: SEBI Circular bearing reference no: *CIR/MRD/DP/02/2012* dated *January 20, 2012*, has laid down that for Issue size up to ₹ 250 Crores, the applicable price bands for the first day shall be:
 - In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

Pursuant to SEBI Circular number *CIR/MRD/DSA/31/2012* dated *November 27, 2012*, limits on the upper side for Markets Makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crores	25%	24%
₹ 20 Crores to ₹ 50 Crores	20%	19%
₹ 50 Crores to ₹ 80 Crores	15%	14%
Above ₹ 80 Crores	12%	11%

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

On the first day of listing, there will be a pre-open session (call auction) and there after trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.

12. Promoter's Contribution and other Lock-in details

a) Details of Promoter's Contribution locked-in for three (3) years

Pursuant to Regulations 236 and 238 of the SEBI ICDR Regulations, an aggregate of [●]% of the fully diluted post issue Equity Share capital of our Company held by the Promoter shall be considered as Promoter's Contribution ("Promoter's Contribution") and shall be locked in for a period of three years from the date of Allotment of Equity Shares and the shareholding of the Promoters in excess of [●]% of the fully diluted post issue Equity Share capital shall be locked in for a period of one year from the date of Allotment.

The details of the Equity Shares held by our Promoters, which shall be locked-in for a period of three years from the date of allotment, are set out in the following table:

Name of Promoters	No. of Equity Shares Locked in	Post- Issue equity share capital %
[●]	[●]	[●]
[●]	[●]	[●]
Total	[●]	[●]

All the Equity Shares were fully paid-up on the respective dates of allotment or acquisition of such Equity Shares, as the case may be. For details regarding allotment of the above Equity Shares, please refer section "History of Paid-up Share Capital of our Company".

Our Promoter have given consent to include such number of Equity Shares held by them as may constitute 20% of the fully diluted post issue Equity Share capital of our Company as the Promoter's Contribution. Our Promoter has agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner, the Promoter's Contribution from the date of filing of the Prospectus, until the expiry of the lock-in period specified above, or for such other time as required under SEBI ICDR Regulations, except as may be permitted, in accordance with the SEBI ICDR Regulations.

Compliance with regulation 237 of SEBI ICDR Regulations, the minimum Promoter's contribution of 20% as shown above which is subject to lock-in for three years, we confirm the following:

Reg. No	Promoter's Minimum Contribution Conditions	Eligibility Status of Equity Shares forming part of Promoter's Contribution

3.	Saksham Leekha	3,587,847	6.67

* As certified by M/s PK Chand Co, Chartered Accountants, by way of their certificate dated July 18, 2024.

15. Our Company, our Directors and the Book Running Lead Manager have not entered into any buy back arrangements for the purchase of Equity Shares being offered through the Draft Red Herring Prospectus from any person.

16. All the Equity Shares of our Company are fully paid up as on the date of the Draft Red Herring Prospectus.

17. Further, since the entire issue price in respect of the Issue is payable on application, all the successful applicants will be issued fully paid-up equity shares only.

18. Neither the Book Running Lead Manager, nor their associates hold any Equity Shares of our Company as on the date of this Draft Red Herring Prospectus.

19. No person connected with the Issue shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or otherwise, to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.

20. None of our Directors or Key Managerial Personnel holds Equity Shares in the Company, except as stated in the chapter titled "Our Management" beginning on page 154 of this Draft Red Herring Prospectus.

21. The Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Book

Running Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.

- 22.** Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under Basis of Allotment in the chapter titled “Issue Procedure” beginning on page 271 of this Draft Red Herring Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253 (2) of SEBI (ICDR) Regulations, as amended from time to time.
- 23.** An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post Issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to locking shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
- 24.** Subject to valid applications being received at or above the Issue Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.
- 25.** No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this Issue.
- 26.** There shall be only one denomination of Equity Shares of our Company unless otherwise permitted by law. Our Company shall comply with disclosure and accounting norms as may be specified by SEBI from time to time.
- 27.** Our Company shall ensure that transactions in the Equity Shares by our Promoters and our Promoter Group between the date of this Draft Red Herring Prospectus and the Issue Closing Date shall be reported to the Stock Exchange within 24 hours of such transaction.
- 28.** Our Promoters and Promoter Group will not participate in the Issue.
- 29.** Our Company has not re-valued its assets and we do not have any revaluation reserves till date.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the Net Proceeds from the Issue towards funding the following objects:

⁽²⁾ As certified by M/s PK Chand Co, Chartered Accountants, our Peer Review Auditors, by way of their certificate dated July 18, 2024.

⁽³⁾ To be finalized upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds.

The fund requirements, deployment of funds, and intended use of the Net Proceeds as described in this Draft Red Herring Prospectus are based on our current business plan, management estimates, valid vendor quotations, market conditions, and other external commercial and technical factors. However, these fund requirements and deployment plans have not been appraised by any bank, financial institution, or independent agency. For further details, see “Risk Factors - Risk Factor 46- The objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institutions. Any variation in the utilization of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior shareholders’ approval” on page 31. We may need to revise our funding requirements and deployment due to various factors such as our financial and market conditions, business and growth strategies, ability to identify and implement inorganic growth initiatives (including investments and acquisitions), competitive landscape, general factors affecting our results of operations, financial condition, access to capital, and other external factors such as changes in the business environment, regulatory climate, and interest or exchange rate fluctuations. These factors, which may not be within our management’s control, might necessitate rescheduling the proposed utilization of the Net Proceeds and changing the allocation of funds from its planned allocation, subject to compliance with applicable laws.

Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue. To the extent our Company is unable to utilize any portion of the Net Proceeds towards the aforementioned objects, per the estimated scheduled of deployment specified above, our Company shall deploy the Net Proceeds in subsequent financial year towards the aforementioned Objects.

Moreover, if the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the aggregate of the gross proceeds of the Issue, in accordance with Regulation 230(2) of the SEBI ICDR Regulations. In case of a shortfall in raising requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations

may require us to explore a range of options including utilizing our internal accruals and seeking debt lenders. In furtherance, that such alternate arrangements would be available to fund any such shortfalls.

All quotations mentioned in this section are valid as on the date of this Draft Red Herring Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendor would be engaged to eventually supply the equipment at the same costs. We are yet to place orders for the capital expenditure towards purchase of machinery. Further, for risk arising out of the Objects, see “*Risk Factor-Risk Factor 13– “We intend to utilise a portion of the Net Proceeds for funding our capital expenditure requirements. We are yet to place orders for such capital expenditure machinery.”*” on page 31 of this Draft Red Herring Prospectus. This includes part financing the cost of establishing the Proposed Project which may be subject to the risk of unanticipated delays in implementation, cost overruns and other risks and uncertainties.

There can be no assurance that we would be able to procure equipment at the estimated costs. If we engage someone other than the vendors from whom we have obtained quotations or if the quotations obtained expire, such vendor’s estimates and actual costs for the services may differ from the current estimates. Some of the quotations mentioned above do not include cost of freight, insurance, goods and services tax (wherever applicable) and other applicable taxes as these can be determined only at the time of placing of orders. Such additional costs shall be funded from the Net Proceeds allocated towards general corporate purposes or through contingencies, if required. In case of increase in the estimated costs, such additional costs shall be incurred from our internal accruals.

Details of the Objects of the Issue

Funding for Capital Expenditure

As of the date of this Draft Red Herring Prospectus, our manufacturing infrastructure includes four facilities located in Pune, Maharashtra, and Chennai, Tamil Nadu, with a total manufacturing area of 40,835 square feet. We aim to enhance our capabilities across key industries by strengthening and expanding our relationships with existing clients and acquiring strategic clients in our focus sectors.

We plan to invest in our current manufacturing facilities to develop new capabilities that will support our diverse product portfolio. The Indian automotive industry is experiencing rapid growth, and other sectors like defense, marine, and telecommunication infrastructure are also poised for significant expansion. We believe we are well-positioned to capitalize on these trends.

Our operations are currently spread across four units: Units I, II, and IV in Pune, Maharashtra and Unit III in Chennai, Tamil Nadu. Units I and II in Pune are already operating at a optimum capacity. To meet the anticipated surge in demand from the automotive and other industries, we plan to invest in upgrading the machinery at Unit III in Chennai, Tamil Nadu and Unit IV in Pune, Maharashtra. This strategic expansion will significantly increase our overall production capacity.

1. Funding capital expenditure requirements towards purchase of machinery for our existing manufacturing facility at Chennai, Tamil Nadu. (“Proposed Expansion at Unit III”)

As mentioned above and in line with our business strategies, we plan to invest in machinery to meet the expected increase in demand from the automotive and other industries. Unit III is located at No.126, Mappedu Village, Sriperumbudhur Taluka-Mappedu, Thiruvallur-631402, Tamil Nadu, India. Additionally, Unit III is strategically located near our core customers-Original Equipment Manufacturers (OEMs) in the automotive sector. This proximity offers several benefits, such as optimized logistics, quicker response times, and improved collaboration with our valued clients. Enhanced logistics play a crucial role in ensuring timely project deliveries and increasing customer satisfaction.

We aim to continue investing in existing manufacturing equipment and technologies to build new capabilities to support the production of our portfolio of products. As part of such investment, we will incur expenditure towards the purchase of various types of equipment such as (i) CNC Lathe machine; (ii) CNC Vertical Machining Center; (iii) CNC Turnmill Centre; and (iv) CNC Centreless Grinding Machine. These machines

will be used in machining, turning, milling and grinding. For further details, see “*Our Business – Our Strategies*” on page 128. Accordingly, our Company has identified the machinery to be purchased and obtained quotations from respective vendors and are yet to place any orders or enter into any definitive agreements for such machinery and equipment. No second-hand or used machinery are proposed to be purchased out of the Net Proceeds. Our Company intends to utilise ₹ 1,542.00 lakhs from the Net Proceeds to purchase of such machinery and equipment. The details and total estimated cost towards purchasing of machinery and equipment for the capital expenditure are set forth in the table below.

Detailed break up of capital expenditure towards purchase of Machinery:

Our manufacturing Unit III has been operational since April 12, 2023. Our existing installed capacity is 14,16,000 nos and proposed capacity will be 2,91,666 Nos. and total capacity will be 17,07,666 Nos., as certified by M/s. Niyo Value Experts Private Limited, an independent Chartered Engineer.

We have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the equipment or provide the service at the same costs. If there is any increase in the costs of equipment, the additional costs shall be paid by our Company from its internal accruals. The quantity of equipment to be purchased is based on the present estimates of our management. Our Company shall have the flexibility to deploy such equipment in relation to the capital expenditure or such other equipment as may be considered appropriate, according to the business or engineering requirements of such facilities, subject to the total amount to be utilized towards purchase of such equipment not exceeding ₹ 1,542 lakhs. See, “Risk Factors – Risk factor 13- We intend to utilise a portion of the Net Proceeds for

purchase of Machinery. We have not entered into any definitive arrangements to utilize certain portions of the Net Proceeds of the Issue. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised by a bank or a financial institution.” on page 31.

2. Funding capital expenditure requirements towards purchase of machinery for our existing manufacturing facility at Pune, Maharashtra. (“Proposed Expansion at Unit IV”)

Our current facilities at Pune Unit I and Unit II are operating at optimal capacity. To meet the anticipated rise in demand for precision engineering components, we plan to invest in new machinery for Unit IV. This strategic investment aims to maximize production efficiency and capitalize on economies of scale at Unit IV, located at Gat No. 417, Nighoje, near Hotel Maha Laxmi and Mess, Nighoje, Chakan, Pune- 410501, Maharashtra, Taluka-Khed, with a total manufacturing area of 12,000 square feet, has been leased for five years starting from March 01, 2024. The civil and structural work at this site has been completed using the company's internal funds. The next step is to purchase the necessary machinery to commence commercial production of precision engineering components.

Our Company proposes to utilize ₹ 1,517.00 lakhs from the Net Proceeds towards purchase of machinery and equipment in Unit IV which will increase overall installed capacity for production of precision engineering components by 25,00,000 Nos.

a. Capacity and Schedule of Implementation

The installed capacity of the Unit IV is proposed to be an aggregate of Nos. 2,08,333 per month as per the certificate dated July 12, 2024, issued by M/s. Niyo Value Experts Private Limited, Independent Chartered Engineer and is expected to commence production by April 2025.

(3) all quotations are valid as of the date of filing Draft Red Herring Prospectus

All quotations received from the vendors mentioned above are valid as on the date of this Draft Red Herring Prospectus. However, we are yet to place any orders for the total capital expenditure. We have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the equipment or provide the service at the same costs. If there is any increase in the costs of equipment, the additional costs shall be paid by our Company from its internal accruals. The quantity of equipment to be purchased is based on the present estimates of our management. Our Company shall have the flexibility to deploy such equipment in relation to the capital expenditure or such other equipment as may be considered appropriate, according to the business or engineering requirements of such facilities, subject to the total amount to be utilized towards purchase of such equipment not exceeding ₹ 1,517 lakhs. See, “Risk Factors – Risk factor 13- We intend to utilise a portion of the Net Proceeds for purchase of Machinery. We have not entered into any definitive arrangements to utilize certain portions of the Net Proceeds of the Issue. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and have not been independently appraised by a bank or a financial institution.” on page 31.

c. Government Approvals

In relation to the Unit IV, we are required to obtain certain approvals, which are routine in nature, from certain governmental or local authorities, the status of which is provided below as per Chartered Engineer certificate dated July 12, 2024, issued by M/s. Niyo Value Experts Private Limited, Independent Chartered Engineer.

Sr No.	Particulars	Authority	Status
1.	Consent to establishment	Maharashtra Pollution Control Board	Pending application

3.	Factory License	Directorate of Industrial Safety and Health, Government of Maharashtra	Pending application
4.	Consent to Operate	Maharashtra Pollution Control Board	Pending application

3. Funding Working Capital Requirements of the Company

We are a precision metal component manufacturer offering a diversified suite of precision engineering products which are high-quality engineered parts across end-user industries and geographies. We primarily cater to top original equipment manufacturers (“OEMs”) who ultimately supply various components and parts to top automotive manufacturing companies of India. In non-automotive sector, we cater to manufacturers of Defense, Marine & Telecommunication Infrastructure industries. We intend to expand our production capabilities at Unit III & Unit IV by acquiring new machinery and equipment. We believe this investment will boost our production output thus allowing us to meet growing customer demand and generate increased revenue. However, with the increase in production capacity, we will be required to maintain a higher level of raw materials. This will result in an increase in raw material inventory. Once the production is done, it will also increase in inventory of finished goods. And with the increase in sales, our trade receivables will also increase. All these factors may result in an increase in the quantum of working capital requirements. Our Company proposes to utilize ₹ 1,666.00 lakhs towards funding its working capital requirements in the ordinary course of business.

Basis of estimation of working capital requirement

Our Company's working capital needs for a specific period are influenced by various factors, such as the size and timing of orders to be fulfilled, the size of the order backlog, and customer payment terms. Our working capital requirements for the Fiscal 2024, 2023, and 2022 were ₹ 2,915.21 lakhs, ₹ 1,649.85 lakhs, ₹ 885.21 lakhs, respectively. Based on historical trends, we anticipate a significant increase in our working capital requirements

Our revenue from operations for Fiscals 2022 to 2024, has grown at a CAGR of 42.64%. The table below shows our revenue from operations Fiscal 2024, 2023, and 2022:

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
Revenue from Operations (₹ in Lakhs)	11,503.03	9,635.85	5,653.41

Our business is working capital intensive, and we fund a majority of our working capital requirements in the ordinary course of business from internal accruals and by entering into financing arrangements with various banks and financial institutions. For detail of working capital facilities availed by our Company, see “*Financial Indebtedness*” on page 233

Key justifications for holding levels

Particulars	Justification
Inventories	From FY 2022 to FY 2024, we have maintained our inventory days in the range of 29 days to 39 days. From FY 2025 onwards, we estimated our inventory days to reduce to 31 days in FY 2025 and subsequently reduce to 22 days in FY 2026. This reduction in estimate of inventory days is due to improved inventory management and faster turnover and substantial improvements in our production processes by strategically locating facilities close to our customers. Also, it will be achieved through optimizing batch sizes for smaller, more efficient runs, closely collaborating with suppliers to ensure timely deliveries and reduce lead times and employing automated systems and RFID/barcode technologies for accurate, real-time tracking. By strategically investing in state-of-the-art machinery, including advanced Swiss turning machines with full automation capabilities. This, combined with efficient production planning and timely delivery of goods, will enable us to maintain a faster inventory turnover. Also, since we purchase raw materials from our promoter group entity, it will also help us in maintaining better inventory management.
Trade Receivables	Over the last three financial years, we have noted fluctuations in our trade receivables turnover days. In FY 2022, our trade receivables turnover days stood at 90 days, which decreased to 67 days in FY 2023 and further dropped to 66 days in

Particulars	Justification
	Fiscal 2024. However, during the period in FY 2025, our trade receivables turnover days is expected to be at 64 days and 65 days, respectively. Initially, we offered extended credit periods to customers to build relationships and encourage bulk orders, which helped scale up our operations. After reaching an established stage, we intend to adopt more stringent credit collection mechanisms. We believe, our relationships with customers will lead to faster realization of payments, thereby reducing trade receivable days. Also, our trade receivables days are estimated to improve marginally due to diversified customer base, thereby reducing our dependence on a few customers and improved scale of operations will allow us to bargain with our customers for better credit terms.
Trade Payables	We have observed a consistent reduction in our trade payables turnover days over the past few fiscal years. This reduction has been notable, starting at 131 days in FY 2022, then decreasing to 95 days in FY 2023, and inching up to 105 days in FY 2024. Looking ahead, we anticipate a decrease in our trade payables turnover days to 73 days in FY 2025 and 74 days in FY 2026. Over the next two years, we aim to reduce this to 70-75 days due to higher product realization and increased operational scale which will improve our financial position. We will also shorten payables cycle which will allows us to capitalize on discounts for faster and bulk payments, reducing costs and strengthening supplier relationships.

4. General corporate purposes

Our Company proposes to deploy the balance proceeds, aggregating to ₹ [●] lakhs, towards general corporate purposes as approved by our management from time to time, subject to such utilisation not exceeding 25% of the gross proceeds, in compliance with the SEBI ICDR Regulations. The general corporate purposes for which our Company proposes to utilise net proceeds include, business development initiatives, meeting any expense including salaries, rent, administration costs, insurance premiums, repairs and maintenance, payment of taxes and duties, and similar other expenses incurred in the ordinary course of our business or towards any exigencies. The quantum of utilisation of funds towards each of the above purposes will be determined by our board, based on the amount actually available under this head and the business requirements of our Company, from time to time, subject to compliance with applicable law.

In addition to the above, our Company may utilise the net proceeds towards other purposes considered expedient and as approved periodically by our board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilising surplus amounts, if any. Our management will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may change. This may also include rescheduling the proposed utilization of net proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. In the event that we are unable to utilize the entire amount that we have currently estimated for use out of net proceeds in a financial year, we will utilize such unutilized amount in the subsequent financial years.

Means of finance

We propose to fund the requirements of the Objects detailed above from the Net Proceeds. Accordingly, we confirm that there is no requirement to make firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue and existing identifiable internal accruals.

Issue related expenses

The break-up for the estimated issue related expenses are as set forth below:

Total estimated Issue expenses	[●]	[●]	[●]

Notes:

1. The fund deployed towards issue expenses is ₹ 11 lakhs pursuant to certificate issued by our Peer Review Auditors M/s PK Chand & Co., Chartered Accountants dated July 18, 2024, and the same will be recouped out of issue expenses.
2. Includes Selling commission payable to registered broker, SCSBs, RTAs, CDPs on the portion directly procured from Retail Individual Applicants and Non – Institutional Applicants, would be [●]% on the allotment amount on the application wherein shares are allotted.
3. Includes commission/Processing fees of ₹ [●] per valid application forms for SCSBs. In case the total processing fees payable to SCSBs exceeds ₹ [●] lakhs, then the amount payable to SCSBs would be proportionately distributed based on the number of valid applications such that the total Processing Fees payable does not exceed ₹ [●] lakhs.

Interim use of Net Proceeds

The Net Proceeds pending utilisation for the purposes stated in this section, shall be deposited only with scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as amended. In accordance with Section 27 of the Companies Act, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Issue will not exceed ₹ 10,000 Lakhs, the appointment of Monitoring Agency would not be required as per Regulation 262(1) of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Issue Proceeds through our audit committee. Pursuant to Regulation 32 of the SEBI Listing Regulations, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Draft Red Herring Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Variation in Objects

In accordance with Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the issue without our Company being authorized to do so by the shareholders by way of a special resolution. In addition, the notice issued to the shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and shall be published in accordance with the Companies Act and the rules there under. As per the current provisions of the Companies Act, our Promoters would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Other confirmations

No part of the Net Proceeds will be paid by our Company as consideration to our Promoters, Promoter Group, our Directors, our Key Management Personnel or our Group Company. Except in the normal course of business and in compliance with applicable law, there are no existing or anticipated transactions in relation to utilisation of Net Proceeds with our Promoters, Promoter Group, our Directors, our Key Management Personnels or our Group Company.

Further, pursuant to the issue, the Net Proceeds received by our Company shall only be utilised for objects identified by our Company and for general corporate purposes and none of our Promoter, Promoter Group, Group Company of our Company, as applicable, shall receive a part of or whole Net Proceeds directly or indirectly.

BASIS OF THE ISSUE PRICE

The Price Band and the Issue Price will be determined by our Company in consultation with the BRLM, and on the basis of assessment of market demand for the Equity Shares Issued through the Book Building Process and the quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Floor Price is [●] times the face value and the Cap Price is [●] times the face value.

Investors should refer to “*Risk Factors*”, “*Our Business*”, “*Restated Financial Statements*” and “*Management Discussion and Analysis of Financial Position and Results of Operations*” on pages 31, 128, 188 and 226, respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors which form the basis for computing the Issue Price are

- Manufacturing facilities situated at two of the most prominent auto hubs of India
- Strategic advantage through streamlined supply chain with adjacent raw material supplier
- Qualified employee base and proven management team
- Consistent financial performance

For further details, see “*Risk Factors*” and “*Our Business*” on pages 31 and 128, respectively.

Quantitative Factors

The information presented in this section is derived from our Restated Financial Statements. For details, see “*Restated Financial Statements*” on page 188. Investors should evaluate our Company and form their decisions taking into consideration its earnings and based on its growth strategy. Some of the quantitative factors which may form the basis for computing the Issue price are as follows:

1. Basic and Diluted Earnings per Share (EPS), as adjusted for changes in capital.

Year ended	Basic EPS (in ₹)	Diluted EPS (in ₹)	Weight
Fiscal 2024	6.84	6.84	3
Fiscal 2023	2.56	2.56	2
Fiscal 2022	2.02	2.02	1
Weighted Average	4.61	4.61	

Notes:

- a) Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights, i.e. (EPS x weight) for each year divided by the total of weights.
- b) Basic and diluted EPS are based on the Restated Financial Information.
- c) The face value of each Equity Share is ₹10.
- d) Earnings per Share (₹) = Profit after tax excluding exceptional items attributable to equity shareholders for the year/period divided by the weighted average no. of equity shares. The weighted average number of Equity Shares outstanding during the year.
- e) Basic EPS and diluted EPS calculations are in accordance with Accounting Standard 20 ‘Earnings per Share’.
- f) The above statement should be read with significant accounting policies and the notes to the Restated Financial Information.

2. Price / Earning (P/E) Ratio in relation to Price band of ₹ [●] to ₹ [●] per Equity Share

Particulars	P/E at the lower end of the price band (no. of times) *	P/E at the higher end of the price band (no. of times) *
a) P/E ratio based on Basic EPS as at March 31, 2024	[●]	[●]
b) P/E ratio based on Diluted EPS as at March 31,	[●]	[●]

Particulars	P/E at the lower end of the price band (no. of times) *	P/E at the higher end of the price band (no. of times) *
2024		

* To be updated at Prospectus stage.

Industry Price / Earning (P/E) Ratio

Based on the peer company information (excluding our Company) given below in this section:

Particulars	P/E ratio
Industry	
Highest	32.20
Lowest	20.35
Average	26.27

Notes: P/E ratio has been computed based on the closing market price of equity shares on BSE as on July 18, 2024 divided by the diluted EPS for the year ended March 31, 2024.

3. Return on Net Worth (RONW):

Year ended	RoNW (%)	Weight
Fiscal 2024	40.61 %	3
Fiscal 2023	25.61%	2
Fiscal 2022	27.11%	1
Weighted Average	33.36 %	

Notes:

- RoNW = Net Profit after tax, as restated divided by Net-worth, as restated (Net worth include share capital and reserves and surplus)
- The figures disclosed above are based on the Restated Financial Statements of our Company.

4. Net Asset Value (NAV) per Equity Share

Financial Year	Net Asset Value per equity shares
Net Asset Value per Equity Share as of March 31, 2024	16.85
After Completion of the Issue	
- At the Floor Price	[●]
- At the Cap Price	[●]
Issue Price	[●]

Notes:

- Net asset value per equity share is calculated as net worth as of the end of relevant year divided by the weighted average number of equity shares outstanding at the end of the year. Net worth represents the aggregate value of equity share capital, instruments entirely equity in nature and other equity and are based on Restated Financial Information.

5. Comparison with listed industry peer:

Following is the comparison with our peer companies listed in India:

Annexure-A

ANNEXURE TO THE STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS SHAREHOLDERS

The information provided below sets out the possible special tax benefits available to the Company and the Equity Shareholder under the Income Tax Act 1961 (read with the rules, circulars and notifications issued in connection thereto), as amended by the Finance Act, 2021 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL TAX BENEFITS TO THE COMPANY UNDER THE INCOME TAX ACT, 1961 (THE “ACT”)

Except as mentioned herein, there are no possible special tax benefits available to the company under Income Tax Act, 1961 read with the relevant Income Tax Rules, 1962, the Customs Tariff Act, 1975, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 and Goods and Services Tax (Compensation to States) Act, 2017 read with the relevant Central Goods and Services Tax Rules, 2017, Integrated Goods and Services Tax Rules, 2017, Union Territory Goods and Services Tax Rules, State Goods and Services Tax Rules, 2017 and notifications issued under these Acts and Rules and the foreign trade policy.

1. Lower corporate tax rate on income of domestic companies – Section 115BAA of the Income-tax Act, 1961 (*‘the IT Act’*)

The Taxation Laws (Amendment) Act, 2019 introduced section 115BAA wherein domestic companies are entitled to avail a concessional tax rate of 22% (plus applicable surcharge and cess) on fulfillment of certain conditions. The option to apply this tax rate is available from Financial Year (‘FY’) 2019-20 relevant to Assessment Year (‘AY’) 2020-21 and the option once exercised through filing of Form 10IC on the Income tax portal shall apply to subsequent assessment years. The concessional tax rate of 22% is subject to the company not availing any of the following deductions under the provisions of the IT Act:

Section 10AA: Tax holiday available to units in a Special Economic Zone

Section 32(1)(iia): Additional depreciation

Section 32AD: Investment allowance.

Section 33AB/33ABA: Tea coffee rubber development expenses/site restoration expenses

Section 35(1)/35(2AA)/ 35(2AB): Expenditure on scientific research

Section 35AD: Deduction for capital expenditure incurred on specified businesses.

Section 35CCC/35CCD: expenditure on agricultural extension /skill development

Chapter VI-A except for the provisions of section 80JJAA and section 80M

The total income of a company availing the concessional rate of 25.168% (i.e., 22% along with surcharge of 10% and health and education cess of 4%) is required to be computed without set-off of any carried forward loss and depreciation attributable to any of the aforesaid deductions/incentives. A company can exercise the option to apply for the concessional tax rate in its return of income filed under section 139(1) of the IT Act. Further, provisions of Minimum Alternate Tax (‘MAT’) under section 115JB of the IT Act shall not be applicable to companies availing this reduced tax rate, thus, any carried forward MAT credit also cannot be claimed.

The provisions do not specify any limitation/condition on account of turnover, nature of business or date of incorporation for opting for the concessional tax rate. Accordingly, all existing as well as new domestic companies are eligible to avail this concessional rate of tax.

Note: The Company has opted the lower rate under section 115BAA of the IT Act in the FY 2019-20 relevant to the AY 2020-21 as mentioned in the Section 115BAA for which declaration (Form 10IC) has already been filed with the tax authorities.

B. SPECIAL TAX BENEFITS TO THE SHAREHOLDERS UNDER THE INCOME TAX ACT, 1961 (THE “ACT”)

Long term capital gains on transfer on shares on which Securities Transactions Tax has been paid will be subject to tax in the hands of shareholders as per the provisions of Section 112A of the Act at 10% (plus applicable surcharge and cess)

Short term capital gains arising on transfer of shares on which Securities Transactions Tax has been paid will be subject to tax in the hands of shareholders as per the provisions of Section 111A of the Act at 15% (plus applicable surcharge and cess)

Non-resident shareholders including foreign portfolio investors may choose to be governed by the provisions of Double Taxation Avoidance Agreement, to the extent they are more beneficial

Notes:

- 1. We have not considered the general tax benefits available to the Company, or shareholders of the Company.*
- 2. The above is as per the Tax Laws as on date.*
- 3. The above Statement of possible special tax benefits sets out the provisions of Tax Laws in a summary manner only and is not a complete analysis or listing of all the existing and potential tax consequences of the purchase, ownership and disposal of Equity Shares.*
- 4. This Statement does not discuss any tax consequences in any country outside India of an investment in the Equity Shares. The subscribers of the Equity Shares in the country other than India are urged to consult their own professional advisers regarding possible income –tax consequences that apply to them*

GLOBAL OUTLOOK

Global recovery is steady but slow and differs by region

The baseline forecast is for the world economy to continue growing at 3.2 percent during 2024 and 2025, at the same pace as in 2023. A slight acceleration for advanced economies where growth is expected to rise from 1.6 percent in 2023 to 1.7 percent in 2024 and 1.8 percent in 2025 will be offset by a modest slowdown in emerging market and developing economies from 4.3 percent in 2023 to 4.2 percent in both 2024 and 2025. The forecast for global growth five years from now at 3.1 percent is at its lowest in decades. Global inflation is forecast to decline steadily, from 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025, with advanced economies returning to their inflation targets sooner than emerging market and developing economies. Core inflation is generally projected to decline more gradually.

Economic activity was surprisingly resilient through the global disinflation of 2022–23. As global inflation descended from its mid-2022 peak, economic activity grew steadily, defying warnings of stagflation and global recession. Growth in employment and incomes held steady, reflecting supportive demand developments including greater-than-expected government spending and household consumption and a supply-side expansion amid, notably, an unanticipated boost to labor force participation. The unexpected economic resilience, despite significant central bank interest rate hikes aimed at restoring price stability, also reflects the ability of households in major advanced economies to draw on substantial savings accumulated during the pandemic.

As the global economy approaches a soft landing, the near-term priority for central banks is to ensure that inflation touches down smoothly, by neither easing policies prematurely nor delaying too long and causing target undershoots. At the same time, as central banks take a less restrictive stance, a renewed focus on implementing medium-term fiscal consolidation to rebuild room for budgetary manoeuvre and priority investments, and to ensure debt sustainability, is in order. Cross-country differences call for tailored policy responses.

***For India, data and forecasts are presented on a fiscal year basis, with FY 2023/2024 (starting in April 2023) shown in the 2023 column. India's growth projections are 6.9 percent in 2024 and 6.5 percent in 2025 based on calendar year.*

Inflation Outlook: Declining at Different Speeds

Global headline inflation is expected to fall from an annual average of 6.8 percent in 2023 to 5.9 percent in 2024 and 4.5 percent in 2025. A more front-loaded decline is expected for advanced economies, with inflation falling by 2.0 percentage points in 2024, while it declines in 2025 only in emerging market and developing economies. Advanced economies are also expected to return sooner to rates near their pre pandemic (2017–19) average, with inflation averaging 2.0 percent in 2025, about a year before emerging market and developing economies are expected to return to their pre pandemic average near 5.0 percent. At the same time, a great deal of differentiation is expected among emerging market and developing economies, with the inflation forecast ranging among the five regions from only 2.4 percent for emerging and developing Asia, reflecting subdued inflation in China as well as in Thailand, to 18.8 percent for emerging and developing Europe, reflecting elevated inflation in Türkiye. The global inflation forecast is revised upward by 0.1 percentage point in 2024 from the January 2024 projections. This reflects unchanged projections for advanced economies with decreases in the euro area, Japan, and the United Kingdom compensated by an increase in the United States and an upside revision of 0.2 percentage point in emerging market and developing economies, mainly on account of increases in Iran and a few other low-income countries.

The fall in global inflation in 2024 reflects a broad-based decline in global core inflation. This dynamic differs from that in 2023, when global core inflation fell a little on an annual average basis and headline inflation declined mainly on account of lower fuel and food price inflation. In 2024, core inflation is expected to fall by 1.2 percentage points after contracting by just 0.2 percentage point in 2023. As is the case for headline inflation, the fall in core inflation is faster for advanced economies. The drivers of declining core inflation differ by country but include the effects of still-tight monetary policies, a related softening in labor markets, and fading pass-through effects from earlier declines in relative prices, notably in that of energy. Among economies with an inflation target, headline inflation is projected to be 0.5 percentage point above target (or the midpoint of the target range) for the median economy by the third quarter of 2024 on a quarter-over-quarter basis. For advanced economies, however, the median gap between actual and target is expected to be just 0.3 percentage point by the third quarter of 2024, implying a faster return to target levels than in emerging market and developing economies. Most economies are expected to reach levels within a quarter of a percentage point of their targets (or the midpoints of their target ranges) by the second quarter of 2025.

Growth Forecast for Emerging Market and Developing Economies:-

In emerging market and developing economies, growth is expected to be stable at 4.2 percent in 2024 and 2025, with a moderation in emerging and developing Asia offset mainly by rising growth for economies in the Middle East and Central Asia and for sub-Saharan Africa. Low-income developing countries are expected to experience gradually increasing growth, from 4.0 percent in 2023 to 4.7 percent in 2024 and 5.2 percent in 2025, as some constraints on near-term growth ease. Growth in emerging and developing Asia is expected to fall from an estimated 5.6 percent in 2023 to 5.2 percent in 2024 and 4.9 percent in 2025, a slight upward revision compared with the January 2024 WEO Update. Growth in China is projected to slow from 5.2 percent in 2023 to 4.6 percent in 2024 and 4.1 percent in 2025 as the positive effects of one-off factors including the post pandemic boost to consumption and fiscal stimulus ease and weakness in the property sector persists. Growth in India is projected to remain strong at 6.8 percent in 2024 and 6.5 percent in 2025, with the robustness reflecting continuing strength in domestic demand and a rising working-age population.

G20 Emerging Markets in the Global Economy:-

G20 EMs have also expanded their participation in GVCs both downstream and upstream as a result of their demand for manufacturing products (output linkages) and their supply of inputs to other economies (input linkages). The median country doubled its inputs from G20 EMs between 2000 and 2021, while demand from G20 EMs for outputs more than doubled. Increased trade and GVC integration among G20 EMs results from unbundling related to declining transportation, information, and communication costs, technological progress, and lower barriers to trade and capital flows, which have allowed emerging markets to become more vertically integrated in global supply chains. Two sectors—manufacturing and mining—dominate the top 5 percent of linkages, alongside China, whose manufacturing production is the largest globally and still highly dependent on external demand. Other countries—such as India and Russia—also have a significant presence, reflecting fast growth in manufacturing production (India) and strong linkages through the supply of energy commodities (Russia).

INDIAN OUTLOOK

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size:

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India's current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments:

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below:

- As of April 12, 2024, India's foreign exchange reserves stood at US\$ 643.162 billion.
- Merchandise exports in March 2024 stood at US\$ 41.68 billion, with total merchandise exports of US\$ 437.06 billion during the period of April 2023 to March 2024.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.
- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

Government Initiatives:

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades,

India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- In order to enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.

Road Ahead:

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. Further, In the interim budget for FY24, Government increased FY25 Capex outlay to record Rs.11.11 lakh crore (US\$ 133.5 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INDIAN AUTO COMPONENTS SECTOR IN INDIA

Introduction

India has become the fastest-growing economy in the world in recent years. This fast growth, coupled with rising incomes, a boost in infrastructure spending and increased manufacturing incentives, has accelerated the automobile industry. The two-wheeler segment dominated the automobile industry because of the Indian middle class, with automobile sales standing at 19.72 million units in FY24 (April- January).

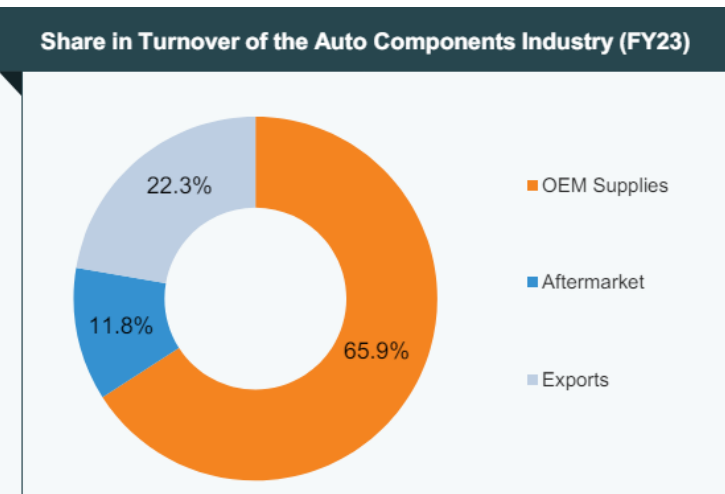

Significant demand for automobiles also led to the emergence of more original equipment and auto components manufacturers. As a result, India developed expertise in automobiles and auto components, which helped boost international demand for Indian automobiles and auto components. Hence, the Indian automobile industry has a considerable impact on the auto component industry.

India's auto component industry is an important sector driving macroeconomic growth and employment. The industry comprises players of all sizes, from large corporations to micro entities, spread across clusters throughout the country. The auto components industry accounted for 2.3% of India's GDP and provided direct employment to more than 1.5 million people. By 2026, the automobile component sector will contribute 5-7% of India's GDP. The Automotive Mission Plan (2016-26) projects to provide direct incremental employment to 3.2 million by 2026.

The industry is a leader in exports and provides jobs to over 3.7 crore people. From FY16-FY22, the industry registered a CAGR of 6.35% and was valued at US\$ 56.50 billion in FY22. In 2023-24 (April-September), the export value of auto components/parts was estimated at US\$ 10.4 billion. North America, which accounts for 33% of total exports, increased by 2%, while Europe and Asia, which account for 33% and 24% of total exports, increased by 12% and declined by 4%, respectively. The key export items included drive transmission and steering, engine components, body/chassis, suspension and braking etc.

Due to the high development prospects in all vehicle industry segments, the auto component sector is expected to see double-digit growth in FY22. The industry is expected to stand at US\$ 200 billion by FY26.

Market Size

India's auto components industry's market share has significantly expanded, led by increasing demand for automobiles by the growing middle class and exports globally. Due to the Oz670 growth in demand for Indian auto components, several Indian and international players have entered the industry. India's auto component industry is broadly classified into organised and unorganised sectors. While the unorganised sector consists of low-valued items and mostly serves the aftermarket category, the organised sector serves OEMs and includes high-value precision instruments.

The automobile component industry turnover stood at Rs. 2.9 lakh crore (US\$ 36.1 billion) in H1 2023-24 the industry had revenue growth of 12.6% as compared to H1 2022-23. Domestic OEM supplies contributed ~66% to the industry's turnover, followed by domestic aftermarket (~12%) and exports (~22.3%), in FY23. The component sales to OEMs in the domestic market grew by 13.9% to US\$ 30.57 billion (Rs. 2.54 lakh crore). In H1 2023-24, exports of auto components grew by 2.7% to Rs. 85,870 crore (US\$ 10.4 billion). The aftermarket for auto components grew by 7.5% in H1 2023-24 reaching Rs. 45,158 crore (US\$ 5.5 billion).

As per the Automobile Component Manufacturers Association (ACMA) forecast, auto component exports from India are expected to reach US\$ 30 billion by 2026. The auto component industry is projected to record US\$

200 billion in revenue by 2026. Strong international demand and resurgence in the local original equipment and aftermarket segments are predicted to help the auto component industry grow 20-23% in FY22.

In fiscal year 2023-24 (April-January), the total number of automobiles sold was 19.72 million units. In (April-January) 2023-24, the total production of passenger vehicles, commercial vehicles, three-wheelers, two-wheelers, and quadricycles was 23.36 million units.

Recent Investments/Developments

The Indian automobile sector recorded an inflow of huge investments from domestic and foreign manufacturers. FDI inflow in the sector stood at US\$ 35.65 billion between April 2000-December 2023 which is around 5.35% of the total FDI inflows in India during the same period. Some of the recent investments made/planned for the auto component sector are as follows:

- Ola Electric IPO to be the first auto company in India to launch an IPO in over two decades (20 years). It has an expected size of Rs. 8,500 crore (US\$ 1.01 billion).
- By 2030, Chinese EV manufacturer BYD hopes to control 40% of the Indian EV market. It already has a manufacturing setup in India, and the current plant's capacity may be increased by another 10,000–15,000 units.
- The global move towards electric vehicles will generate new opportunities for automotive suppliers. The mass conversion to electric vehicles may generate a US\$ 300 billion domestic market for electric vehicle (EV) batteries in India by 2030.
- The industry is estimated to be worth US\$ 200 billion contributing 5-7% of India's GDP by 2026. The Automotive Mission Plan (2016-26) projects to provide direct incremental employment to 3.2 million by 2026.

Government Initiatives

- The Government has reaffirmed its commitment towards EVs and its mission for 30% electric mobility by 2030. Budget announced customs duty exemption on the import of capital goods and machinery required for the manufacture of lithium-ion batteries that typically power EVs.
- The Bharat New Car Assessment Program (BNCAP) will not only strengthen the value chain of the auto component sector, but it will also drive the manufacturing of cutting-edge components, encourage innovation, and foster global excellence.
- The FAME Scheme was extended for a further period of 2 years up to 31st March, 2024.
- The Government of India's Automotive Mission Plan (AMP) 2006-26 has been instrumental in ensuring growth for the sector. The Indian automobile industry is expected to achieve a turnover of US\$ 300 billion by 2026 by expanding at a CAGR of 15% from its current revenue of US\$ 74 billion.
- The government's AMP 2016-26 will help the automotive industry grow and will benefit the economy in the following ways: 1) The auto industry's GDP contribution will rise to over 12%. 2) Additional 65 million direct and indirect jobs will be created. 3) End-of-life policy will be implemented for old vehicles.

Road Ahead

- The rapidly globalising world is creating newer opportunities for the transportation industry, especially while shifting towards electric, electronic and hybrid cars, which are deemed more efficient, safe and reliable modes of transportation. Over the next decade, this will lead to newer verticals and opportunities for auto component manufacturers. To help them adjust to the shifting dynamics of the sector, the Indian government has already offered various production incentives. India is also investing heavily in electric car infrastructure.

- As the automotive industry continues to evolve, the auto components sector will play a crucial role in shaping the future of mobility. Collaboration with automakers, investment in research and development, and adaptation to changing regulations will be key factors for success in this dynamic and competitive market.
- By FY28, the Indian auto industry aims to invest US\$ 7 billion (Rs. 58,000 crore) to boost localization of advanced components like electric motors and automatic transmissions, reducing imports and leveraging 'China Plus One' trend.

INDIAN ENGINEERING SECTOR OUTLOOK

The engineering sector is the largest of the industrial sectors in India. It accounts for 27% of the total factories in the industrial sector and represents 63% of the overall foreign collaborations. Demand for engineering sector services is being driven by capacity expansion in industries like infrastructure, electricity, mining, oil and gas, refinery, steel, automobiles, and consumer durables.

The India Foundry Market size is estimated at US\$ 19.46 billion in 2024, and is expected to reach US\$ 31.77 billion by 2029, growing at a CAGR of 10.30% during the forecast period (2024-2029)

There are more than 5,000 foundries in India of which about 85% are small units, 10% are medium-sized and 5% are large, organized foundries.

While India may be behind China as far as overall castings exports are concerned, it is the second-largest producer of castings globally.

India will become a major exporter of telecom equipment in the next two to three years and the government is working to achieve that goal. India's telecom equipment exports reached US\$ 7.28 billion in 2023-24 (until September 2023).

Indian auto components industry, which accounts for 2.3% of India's GDP currently, is set to become the 3rd largest globally by 2025. The industry clocked highest-ever turnover of US\$ 69.7 billion for the period of April 2022 to March 2023, registering a YoY growth of 32.8%. Exports has experienced a positive trajectory, increasing by 5.2% to reach US\$ 20.1 billion in FY23.

INDIAN DEFENCE MANUFACTURING OUTLOOK

India is one of the strongest military forces in the world and holds a place of strategic importance for the Indian government. The top three largest market segments of the Indian defence sector are military fixed wing, naval vessels and surface combatants, and missiles and missile defence systems. Military rotorcraft, submarines, artillery, tactical communications, electronic warfare, and military land vehicles are some of the other well-known segments.

To modernise its armed forces and reduce dependency on external dependence for defence procurement, several initiatives have been taken by the government to encourage 'Make in India' activities via policy support initiatives. India's defense budget of US\$ 74.7 billion ranked fourth highest globally in 2024. India has the world's fourth largest defence expenditure, as of 2022, and has set a target of US\$ 6.02 billion (Rs. 50,000 crore) worth of annual defence exports by 2028-29.

The government has set a target of achieving defence manufacturing worth Rs. 1,75,000 crore (US\$ 21.14 billion), including defence exports of Rs. 35,000 crore (US\$ 4.22 billion) by 2024-25. The Central government aims to take India's defence exports up to US\$ 5 billion by 2024-25.

India targets to export military hardware worth US\$ 5 billion (Rs. 35,000 crore) in the next five years. As of 2019, India ranked 19th in the list of top defence exporters in the world by exporting defence products to 42 countries. Defence exports stood at US\$ 2.53 billion (Rs. 21,083 crores) in 2023-24 which is 32% increase from previous year. Defence exports rose 240% over five years in FY23 and India now exports to over 85 countries due to collaborative efforts.

The Indian private sector has grown since opening of the defence sector and evolved from producing components and sub-systems, to developing complete equipment and systems, system of systems and platform level solutions.

OVERVIEW

We are a precision metal component manufacturer offering a diversified suite of precision engineering products which are high-quality engineered parts across end-user industries and geographies. We primarily cater to top original equipment manufacturers (“OEMs”) who ultimately supply various components and parts to top automotive manufacturing companies of India. In non-automotive sector, we cater to manufacturers of Defense, Marine & Telecommunication Infrastructure industries. At present, our core expertise lies in serving the automotive industry i.e. supplying OEMs, however, we're actively expanding our reach beyond automotive, leveraging our capabilities to develop a strong presence in defense, marine, and telecommunication infrastructure sectors. As a result of which, currently, majority of our business comes from auto industry and defense, marine, and telecommunication infrastructure sectors forms a small portion of our business. We largely supply to our domestic customers, however, we have an international presence also through export sales.

We recorded an increase in our revenue from operations by 103.47% from ₹ 5,653.41 lakhs in the financial year 2022 to ₹ 11,503.03 lakhs in the financial year 2024 on account of increased capacity to meet growing demand of existing customers in addition to new customers addition and also foraying into new industries like Defense and Marine over last 3 years led to increase in revenue. While our Profit after Tax have increased by 239.12% from ₹ 360.11 lakhs in the financial year 2022 to ₹ 1,221.21 lakhs in the financial year 2024 on account of increasing scale of revenue with addition of new machineries which led to improved operational efficiency.

We operate out of four strategically located manufacturing facilities with three of our manufacturing facilities including our principal manufacturing facilities at Pune, Maharashtra, a prominent auto hub i.e. Unit I (principal manufacturing facility), Unit II, Unit IV and one at Chennai, Tamil Nadu, another major automotive centre. This strategic placement allows us to be close to our core customers – Original Equipment Manufacturers (OEMs) in the automotive industry. This proximity translates to several advantages, including streamlined logistics, faster response times, and deeper collaboration with our valued clients, etc.

We manufacture a wide range of precision metal components including but not limited to cut blanks, shafts / spline shafts, torsion rods, piston rods, rack bar semi-finished, pinion, drive shafts, gear shifters, cable end fittings, sensor boss, sleeves, push plate, hubs, housing – brass and aluminium, fork bolt, fasteners, connectors, ball pin, ball pin housing, flange, male female ring, dozing adapter, housing for a diversified base of customers. As on the date of the Draft Red Herring Prospectus, we have a product portfolio of 24 products.

We fulfil our customer orders through a blend of order book and nomination letter basis. An order book signifies confirmed orders for immediate production of specific products. On the other hand, nomination is an addition

to order book. It means a confirmed indication from the customer that these are the new parts/projects we are working on and there is business potential for the company to capture over a certain period of time. While commercial production for these nominated products may begin in 6 months to 3 years down the line, this advanced notice allows us to proactively develop our manufacturing capabilities, plan material procurement to ensure timely supply of products when the time comes. This forward-thinking approach strengthens our partnerships and positions us to effectively meet our clients' future needs. As on the date of the Draft Red Herring Prospectus, our order book pending execution stands at ₹ 2,805.41 lakhs and we have received nomination letters for ₹ 29,053.00 lakhs.

We have a strong in-house presence across machining, turning, fabrication, and assembly which allows us to handle a wider range of component complexity and become a one-stop shop for our customers across various industries for these requirements. We also have a seamless integration between these processes. This allows for efficient flow of components through the production line thereby minimizing delays and rework. Further, we continuously upgrade to advanced CNC machines with multi-axis capabilities. This allows us for higher precision, faster production times, and the ability to handle intricate designs.

We are part of the Anglian Omega Group, which began operations in 1969 with a single bright bar factory in Faridabad, Haryana. Since then, the group has expanded and diversified into various sectors, including electric mobility, high-tech auto components, infrastructure, supply chain management services, trading, and sports.

We are led by our Promoters who have vast experience in the field of steel and auto components industry along with other industries who act as a driving force of our Company. Under their leadership, our Company has grown consistently over the last few years. Our Promoters are deeply involved in essential business aspects, including engineering, operational systems, quality assurance, marketing, and finance. Our Company has a management team with significant experience in engineering and specialized processes for precision engineering components and a solid track record in operational performance, essential for our business development.

The following table details the industries we serve, our customer base, and how our precision-engineered metal components are utilized:

8	ROCE (%) ⁽⁶⁾	31.49%	20.07%	18.45%
9	Current Ratio ⁽⁷⁾	1.45	1.06	1.35

Notes:

(1) Revenue from Operations means the Revenue from Operations as appearing in the Restated Financial Statements.

(2) Operating EBITDA refers to earnings before interest, taxes, depreciation, amortization less other income.

(3) Operating EBITDA Margin refers to Operating EBITDA during a given period as a percentage of revenue from operations during that period.

(4) Net Profit Ratio/Margin quantifies our efficiency in generating profits from our revenue and is calculated by dividing our net profit after taxes by revenue from operations.

(5) Return on equity (RoE) is equal to profit for the year divided by the total equity and is expressed as a percentage.

(6) RoCE (Return on Capital Employed) (%) is calculated as operating EBIT divided by capital employed. Capital employed is calculated as total assets less current liabilities for that period.

(7) Current Ratio is a liquidity ratio that measures our ability to pay short-term obligations (those which are due within one year) and is calculated by dividing the current assets by current liabilities.

Business Operations

For manufacturing of precision metal components, we use a combination of below techniques:

1. Machining and turning

Machining is a subtractive manufacturing process that creates the desired shape of a product as required by us by extracting the same from bars i.e. stainless-steel bars, mild steel bars, brass bars, aluminium bars. We also use turning process which is a machining operation performed on a lathe in which the workpiece rotates at high speeds while a fixed cutting tool removes material. We rely heavily on machines with Computer Numerical Control (CNC) technology (“CNC machines”). CNC machines translate digital design models (CAD) into precise toolpaths, automating the machining process and ensuring high levels of accuracy and repeatability. This allows for the creation of intricate parts with tight tolerances.

Machining and turning process happens in all our units. As on the date of this draft red herring prospectus, we have installed 68 CNC machines at Unit 1, 10 CNC machines at Unit 2, 13 CNC machines at Unit 3 and 0 CNC machines at Unit 4.

2. Investment casting

Investment casting is a precise metal forming process for creating complex and high-quality components. Unlike machining and turning, which removes material, investment casting creates parts by pouring molten metal into a mold. The mold itself is crafted using a wax or plastic pattern with intricate details replicating the final component. Investment casting is used to create intricate geometries and thin-walled sections, ideally used for lightweight and high-performance components like engine parts, transmission components, and brackets. This process allows for near-net shapes, minimizing the need for extensive machining and ensuring close dimensional tolerances. This translates to parts that fit together perfectly and function reliably. Investment casting is done in our Unit 2.

3. Forging

The forging process is a metalworking technique that utilizes compressive forces to shape metal into desired forms. Unlike casting, where molten metal is poured into a mold, forging manipulates the shape of solid metal through controlled hammering, pressing, or rolling. This process imparts several desirable properties to the final product. The metal component is heated to a specific temperature range (below its melting point) to enhance its malleability. It's then subjected to compressive forces from hammers, presses, or rolling mills, progressively deforming the metal into the desired shape.

4. Stamping

The stamping or pressing process, is a metalworking technique used to transform flat sheets of metal into desired shapes. It's a subtractive process, wherein material is removed or reshaped to achieve the final form. It is used to work on a wide range of metals, thicknesses and to produce complex shapes along with accuracy and consistency, for creating identical parts in high volumes. Stamping process also includes blanking, piercing, bending, coining, embossing, flanging and drawing

5. Fabrication

Fabrication transforms raw materials metal rods into usable component parts. It involves cutting, forming, machining, joining and finishing. Welding in automotive components manufacturing is a process that involves joining metal parts using heat, pressure, or both to create strong, durable connections essential for vehicle structure and functionality.

6. Welding

Welding is a process of joining metal parts with high accuracy to ensure structural integrity and strength. Techniques like TIG, MIG, and laser welding are used to achieve precise, clean welds that meet stringent automotive standards, essential for the reliability and safety of vehicle components.

7. Phosphating and Chromate Conversion Coating

Phosphating and Chromate Conversion Coating ensure high-quality, durable parts. These processes involve thorough cleaning and preparation before immersing components in specialized solutions, forming protective layers that improve corrosion resistance and paint adhesion, crucial for the longevity and performance of precise automotive parts.

8. Assembled component

Assembly process is the final stage where various individual parts are combined to form a final functional product which is to be delivered to our clients.

Manufacturing Facilities

UNIT I – Manufacturing Capabilities

- CNC Turning Centres
- Center-less Grinding Machines
- Internal Grinding Machines
- CNC Sliding Heads
- CAM based Single Spindle Lathes with Bar Feeder
- Induction Hardening
- Thread Rolling Machines
- Welding SPM
- Vertical Broaching
- SPMs for Milling, Drilling & Taping
- Vertical Machining Centers with 4th axis & Pallet changer
- Robotic Arm for component handling and loading
- Automatic Visual Inspection Machines
- CMM (Co-ordinate Measuring Machines)

UNIT II – Manufacturing Capabilities

- Investing Casting
- Wax or Plastic Pattern Creation
- Investment Mold
- Metal Melting & Pouring
- Cooling & Mold Removal
- Finishing
- CNC Turning Centres
- Vertical Machining Centers with 4th axis & Pallet changer

UNIT III – Manufacturing Capabilities

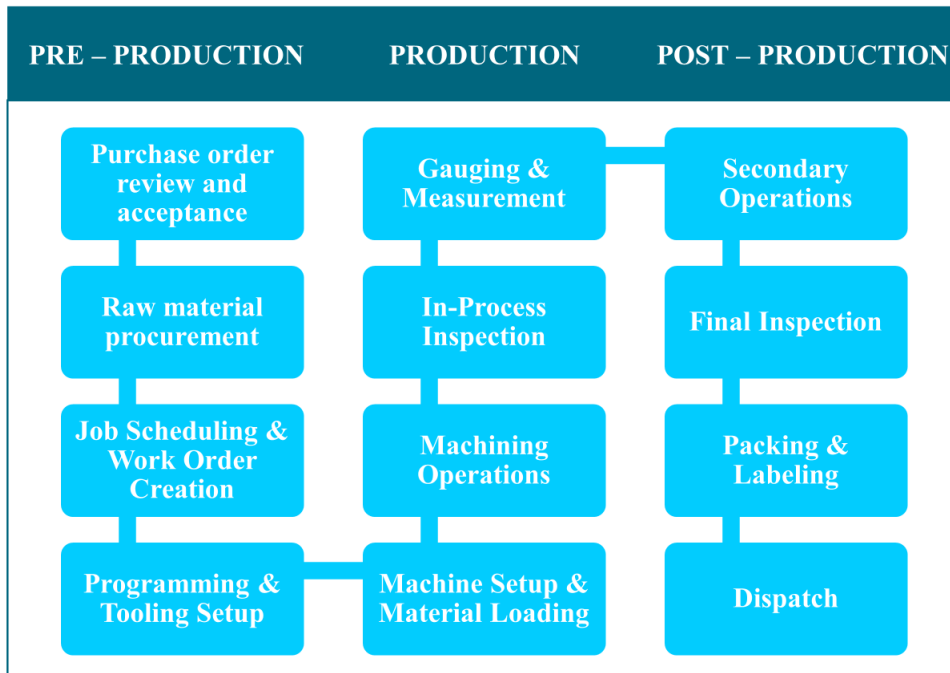

- CNC Turning Centres
- Center-less Grinding Machines
- CNC Sliding Heads
- CAM based Single Spindle Lathes with Bar Feeder
- Thread Rolling Machines
- Vertical Broaching
- SPMs for Milling, Drilling & Tapping
- Vertical Machining Centers with 4th axis & Pallet changer

Key manufacturing process

We specialize in manufacturing medium to very high precision metal components using processes like turning, machining and investment casting. Other than these primary processes, we also have in house welding lines, forging and stamping capabilities, assembly capabilities and post processing capabilities like phosphating and chromate conversion coatings which forms integral part of our primary processes. Set forth below is a description of the key manufacturing processes for machining & turning and investment casting:

Machining & Turning

1. Purchase order review and acceptance

We receive request for quote from our customers, detailing specifications, quantities, and delivery schedules. Our sales and engineering teams analyze the requirements and prepare a detailed quotation, including pricing, lead times, and terms and conditions. Once the customer reviews and accepts our quotation, they issue a purchase order, which serves as a binding agreement specifying all necessary production details.

2. Raw Material Procurement

Based on the customer's production schedule and the confirmed Purchase order, our procurement team plans for raw material acquisition, determining the types, grades, and quantities needed. For long lead items or specialty materials, we place orders well in advance to avoid delays.

3. Job Scheduling & Work Order Creation

With raw materials secured, our production planning team schedules the job, creating a detailed plan that aligns with customer demand and delivery timelines. Work orders are generated, outlining specific instructions for each production stage, including materials, machining processes, and quality checks.

4. Programming & Tooling Setup

Our engineering team designs and prepares specialized tools or fixtures needed for production. We develop CNC programs to control machining processes, ensuring precision and efficiency. This phase is critical for ensuring components meet customer specifications.

5. Machine Setup & Material Loading

Our Production team sets up the machines, installs the required tools, fixtures, and loading the raw material. Setup changeovers are performed as needed to accommodate different components or production runs, involving configuring the machines and verifying all settings.

6. Machine Operations

Once machine setup is complete, production begins. Our Production team closely monitors the machining process to ensure consistent quality and efficiency. Production is tracked on a shift-wise basis, with detailed logs maintained for each shift to promptly identify and address issues.

7. In-Process Inspection

In-process inspection ensures components meet our quality standards. During mass production, we periodically check components for dimensional accuracy, surface finish, and other critical parameters. Advanced inspection techniques and equipment detect and correct deviations early.

8. Gauging & Measurement

We use specialized gauges and measurement instruments to inspect components during mass production, ensuring all parts meet required tolerances and specifications. Regular calibration maintains instrument accuracy and reliability.

9. Secondary Operations

Depending on the component's design and requirements, we perform secondary operations such as heat treatment, coating, or assembly to enhance properties and functionality. Each operation is carefully controlled to ensure it does not adversely affect component quality or performance.

10. Final Inspection

Before dispatch, we conduct a thorough final inspection on all finished components, ensuring all customer specifications and quality standards are met. Non-conforming parts are identified and addressed before shipment.

11. Packing & Labelling

After final inspection, we pack components securely to prevent damage during transportation, using appropriate packing materials and methods. Identification tags and labels provide essential information such as part numbers, quantities, and customer details.

12. Dispatch

Our logistics team arranges for the dispatch of finished components according to customer requirements, coordinating with transportation providers and ensuring all documentation is in order. Our goal is to deliver components on time and in perfect condition, meeting customer expectations and maintaining a strong business relationship.

Investment Casting

1. **Pattern Creation** - This initial step involves designing and creating a precise wax pattern that mirrors the final component. The pattern must be highly detailed to ensure accurate replication in the casting process.
2. **Pattern Assembly & Shell Building** - The individual patterns are assembled into a tree-like structure and coated with ceramic slurry. Repeated layers of slurry and stucco create a robust ceramic shell around the patterns, ready for casting.
3. **Dewaxing** - The ceramic-coated pattern assembly undergoes a high-temperature process in an autoclave, where the wax patterns are melted and drained away, leaving a hollow ceramic shell.
4. **Metal Melting & Pouring** - The required metal is melted in a furnace at precise temperatures. The molten metal is then carefully poured into the pre-heated ceramic shell moulds, filling the cavities left by the wax patterns.
5. **Cooling & Shell Removal** - After the metal has been poured, the moulds are allowed to cool and solidify. Once cooled, the ceramic shell is broken away, revealing the rough cast components inside.
6. **Finishing** - The raw castings undergo various finishing processes such as grinding, sanding, and machining to remove excess material, refine surfaces, and achieve the final dimensions and specifications.
7. **Inspection** - Each finished component is meticulously inspected using various techniques, including visual inspection, dimensional measurement, and non-destructive testing, to ensure it meets all quality and specification standards.
8. **Packing & Dispatch** - The inspected and approved components are carefully packed to prevent damage during transportation. They are then dispatched to customers or assembly lines, ready to be used in automotive applications.

Competitive Strengths

- *Manufacturing facilities situated at two of the most prominent auto hubs of India*

Being located in key auto hubs of India like Pune and Chennai puts us closer to our OEM clients. This allows for quicker communication, faster order fulfillment, and more efficient problem-solving if any issues arise during production. Also, physical proximity fosters closer relationships with OEMs. This enables more frequent collaboration, better understanding of their specific needs, and the ability to build stronger partnerships. This also allows us to recruit qualified personnel for machining, fabrication, assembly, and other areas of our operation. The concentration of auto companies and suppliers in these regions fosters a strong knowledge base within the workforce. This benefits our company by having employees who are familiar with industry best practices and specific automotive manufacturing requirements. Further, Pune and Chennai have well-established networks of suppliers for raw materials (in our case, our Promoter, Omega Bright Steel & Components Private Limited), tools, and other production necessities. This allows us to source materials quickly and efficiently, minimizing delays and disruptions in your manufacturing process. The presence of numerous suppliers in these hubs fosters competition, potentially leading to better pricing and more favorable terms for raw materials and equipment. Both Pune and Chennai have well-developed transportation infrastructure with access to major roads, ports, and airports. This facilitates the smooth movement of raw materials and finished parts. These cities have a well-established ecosystem for the auto industry. This includes logistics companies, regulatory bodies, and other support services that can streamline our operations and reduce overhead costs.

We operate out of 4 manufacturing facilities. Below are the details

Unit	City, State	Address
Unit I	Pune, Maharashtra	Gat no. 309/1 & 312/1, Nanekarwadi, Khed, Pune- 410501, India
Unit II	Pune, Maharashtra	Gat no. 679/2/3, Kuruli, Chakan, khed, Pune
Unit III	Chennai, Tamil Nadu	No.126, Mappedu Village, Sriperumbudhur Taluk, Mappedu, Thiruvallur – 631402
Unit IV	Pune, Maharashtra	Taluka-Khed, Gat no. 417, Nighoje, Near Hotel Maha Laxmi and Mess, Nighoje, Chakan, Pune, Maharashtra, 410501

- *Strategic advantage through streamlined supply chain with adjacent raw material supplier*

Our company enjoys a significant advantage through the strategic co-location of our manufacturing facility with Omega Bright Steel & Components Private Limited, a promoter group entity and our primary supplier of High / Low Carbon steel bright bars, which constitutes major portion of our total raw material consumption. This proximity with our key raw material supplier translates into several key benefits such as having direct access to a trusted supplier within the promoter group ensures consistent supply of high-quality High / Low Carbon steel bright bars. Various quality control measures implemented by Omega Bright Steel & Components Private Limited translate directly to the quality of our finished products. Our close relationship with Omega Bright Steel & Components Private Limited allows us to secure the most competitive pricing on high-quality High / Low Carbon steel bright bars in the industry. Elimination of middlemen and streamlined logistics contribute to significant cost savings. The physical proximity of our facilities eliminates geographical barriers and facilitates an efficient inventory management system. This translates to faster response times to order requests and reduced lead times for our customers. Having adjacent facilities eliminates any potential delays

that could have been arise from external suppliers. Production schedules can be maintained with greater certainty, ensuring timely delivery of finished goods. One of our most significant cost advantages lies in the elimination of logistical and transportation expenses typically associated with raw material procurement. The adjacent location of Omega Bright Steel minimizes transportation requirements and associated costs. This translates directly to increased profitability and a stronger competitive edge.

- ***Consistent track record of growth and financial performance***

Our Company has built its business organically and has demonstrated consistent growth in terms of revenues and profitability. We believe that our focus on operational and functional excellence has contributed to our track record of healthy financial performance. For Fiscals 2024, 2023 and 2022, we generated revenue from operations of ₹ 11,503.03 lakhs, ₹ 9,635.85 lakhs, and ₹ 5,643.41 lakhs respectively, as per our Restated Financial Statements. Our revenue from operations have grown from ₹ 5,643.41 lakhs in FY 2022 to ₹ 11,503.03 lakhs in FY 2024, registering a CAGR of 42.64% in last three financial years. Our Operating EBITDA have grown from ₹ 708.39 lakhs in FY 2022 to ₹ 2,076.10 lakhs in FY 2024, registering a CAGR of 71.19% in last three financial years. Our Profit after Tax have grown from ₹ 360.11 lakhs in FY 2022 to ₹ 1,221.21 lakhs in FY 2024, registering a CAGR of 84.15% in last three financial years.

We believe that our strong financial performance reflects the efficacy of the manufacturing and operational efficiency protocols that we have implemented while our cash flows enable us to meet the present and future needs of our customers and develop new value-added products. We further believe that this aids us in strengthening our trust and engagement with our customers and which further enhances our ability to retain these customers and extend our engagement across products and geographies.

- ***Experienced and dedicated promoter and professional management team with extensive domain knowledge:***

We are led by our Promoters who have vast experience in the field of steel and auto components industry along with other industries who act as a driving force of our Company. Under their leadership, our Company has grown consistently over the last few years. Our Promoters are deeply involved in essential business aspects, including engineering, operational systems, quality assurance, marketing, and finance. Our Company has a management team with significant experience in engineering and specialized processes for precision engineering components and a solid track record in operational performance, essential for our business development.

Our Promoters are backed by our Senior Management Personnel who have decades of experience. Specifically, Bangali Singh, our Operational Head, and Kuntal Mukherjee, our Chief Growth Officer in the sales and marketing department, have over 20 years and 12 years of experience, respectively. The key management team members average approximately 30 years of industry experience. The commitment and track record of our management team provide stability in executing our business plan.

We believe that the experience and diversity of our Promoters, directors, management team, and engineering team will drive our Company's future growth. Their industry experience allows us to anticipate and address market trends, manage and expand our operations, maintain and leverage customer relationships, and respond to changes in customer preferences.

As of July 12, 2024, our workforce consisted of 652 employees, including 85 skilled employees. For more information on our Promoters, Directors, and management team, see "Our Promoters and Promoter Group" and "Our Management" on pages 172 and 154, respectively.

Business Strategies

- *Strengthening our core capabilities by expanding our production capacity*

As on the date of this Draft Red Herring Prospectus, our manufacturing infrastructure comprises four facilities spread across two states in India, at Pune, Maharashtra and Chennai, Tamil Nadu with a total manufacturing area of 75,152 sq. ft. We intend to continue to strengthen our capabilities across the focus industries by continuing to strengthen and expand our existing relationships with our current clients and by acquiring more strategic clients across our focus industries. We aim to continue investing in our existing manufacturing facilities to build new capabilities to support the production of our portfolio of products. The Indian automotive industry is experiencing rapid growth, and other sectors like defense, marine, and telecommunication infrastructure are also poised for similar expansion. We believe we are well positioned to capitalize on these trends. Currently, our operations are spread across four units: Units I, II, and IV in Pune, and Unit III in Chennai. Units I and II in Pune are already operating at full capacity. To cater to the anticipated surge in demand across the automotive and other industries, we plan to invest in machinery upgrades for Unit III in Chennai and Unit IV in Pune. This strategic expansion will significantly increase our overall production capacity.

- *Expanding our manufacturing footprint by setting up of a manufacturing facility in Sanand, Gujarat*

We now intend to establish a manufacturing facility in Sanand, Gujarat, a prominent auto hub in India. This strategic expansion complements our existing operations in Pune and Chennai, who are also in the auto hub of India, further solidifying our presence within India's thriving automotive landscape. A key driver for this expansion is a nomination letter received by us from a leading automotive Original Equipment Manufacturer (OEM). This implies that as and when our manufacturing facility is ready, we can immediately commence the commercial operations. Further, Sanand's strategic location offers distinct advantages. Its close proximity to major ports like Dahej, Kandla, Hazira, Mundra, and JNPT facilitates efficient logistics and exports. Additionally, Gujarat's reputation for pro-active governance and reliable power supply creates a highly favorable environment for automotive manufacturing.

- *Entering precision clamping solutions for the machining industry.*

We have recently ventured into manufacturing precision clamping solutions i.e. specialty collets and guide bushes for the machining industry through our brand "AlphaSeiki". We intend to manufacture and distribute specialty collets and guide bushes specifically designed for Swiss turning machines, multi-spindle lathes, and other equipment requiring high-performance component and bar clamping mechanisms. Collets and guide bushes which will be manufactured by us will be engineered and tested in-house on our own Swiss turning machines. This will ensure optimal performance and compatibility with the machines. We believe we can offer these high-quality products at competitive prices, along with exceptional turnaround times. We intend to cater to the ever-increasing demand for precision clamping solutions in India, while at the same time, also addressing the vast export market across Europe and the US. We plan to launch our brand AlphaSeiki products globally through a well-established network of dealers in Europe and USA, ensuring easy access and exceptional customer service worldwide.

Capacity and Capacity Utilization

The following table sets forth certain information relating to capacity utilization of our Units calculated on the basis of total installed production capacity and actual production as of/ for the periods indicated below:

Machined Components	NOS	14,16,000	10,20,000	72.0%

Proposed expansion plan

To continue to strengthen our capabilities across our focus industries, we aim to continue investing in existing manufacturing facilities. As part of such investment, we will incur expenditure towards the purchase of various types of equipment such as (i) CNC Lathe machine; (ii) CNC Vertical Machining Center; (iii) CNC Turnmill Centre; (iv) CNC Centreless Grinding Machine; (v) Flat Bed CNC Chucker; (vi) Circular Sawing Machine and (vii) CNC Cylindrical Grinding Machine. Accordingly, our Company has identified the machinery to be purchased and obtained quotations from respective vendors and is yet to place any orders or enter into any definitive agreements for such machinery. The information about our expansion plans is indicative and remain subject to the potential difficulties and uncertainties including cost overruns or delays.

Procurement of Raw Materials

We are engaged in the manufacturing of precision metal component, requiring raw materials which are metals and commodities in nature. The tables below provide components consumed as a percentage of our total purchase in the years indicated:

Additionally, our Company also appoints independent contractors who in turn engage on-site contract labour for performance of certain of our ancillary operations. As of July 12, 2024, we had 567 contract labours.

Our human resource practices are aimed at recruiting talented individuals, ensuring continuous development and addressing their grievances, if any, in a timely manner. We train our employees in our manufacturing operations, including machine utilization, operations flow, quality management and work safety. Our human resource department continuously focuses on employee engagement and motivation, which further helps in achieving the strategic objectives of the organization.

Competition

We operate in precision metal component manufacturing industry which is highly competitive and fragmented and we compete with a range of unorganized players, at the national and regional level. Further, while we have an expanding portfolio of products, our competitors may have the advantage of focusing on concentrated products. Further, we compete against established players also, which may have greater access to financial, technical and marketing resources and expertise available to them than us in the products and services in which we compete against them.

We believe the principal elements of competition in our industry are quality, price, and range of the products offered. Our presence in the market coupled with the high quality and range of products as well as our product development capabilities, helps us in having a competitive edge in the market.

Quality Control

We place significant emphasis on quality control. Our quality management systems at Unit I and Unit II are certified to conform to ISO 9001:2015 standards. Additionally, Unit I is certified to IATF 16949:2016 standards, with both certifications subject to periodic audits by ISO and IATF.

We inspect raw materials upon receipt and final products before dispatch. We have implemented internal procedures to ensure quality control at various stages of production, from the procurement and processing of raw materials to inventory storage. Each unit has dedicated personnel responsible for monitoring equipment parameters, ensuring material stability, reporting production irregularities, and making necessary corrections.

Inventory Management

Our inventory is determined based on a combination of confirmed and expected orders and based on past trends. We manage our inventory based on various parameters for maintaining minimum and maximum stock levels of raw materials and finished products. Further, stock is taken physically at defined intervals and our existing stock is reviewed at regular intervals for quality purposes. Our finished products are stored on-site at our manufacturing Units

Logistics

Our raw materials and finished products are transported primarily by roadways and waterways. Our suppliers deliver raw materials directly to our units. For product delivery, we outsource to third-party logistics providers and rely on freight forwarders to transport our products from our units to our customers. We do not maintain long-term contracts with these logistics providers or freight forwarders.

Health and Employee Safety

We endeavour to adhere to laws and regulations relating to protection of health and employee safety. We carry out our activities while following appropriate standards of work safety and our working conditions seek to promote a healthy and safe work environment. We have taken initiatives to reduce the risk of accidents and prevent environmental pollution at our manufacturing facilities, including: (i) ensuring that employee safety manuals covering employee safety and environmental procedures, are in place and that hazard identification and risk assessments with respect to our operations are periodically carried out; (ii) providing training and awareness programs on employee safety and environment to all employees, including training on machines and

other operations at shop floors, and the use of first aid and other procedures to deal with emergencies; and (iii) conducting periodic emergency mock drills in our facilities.

Utilities

Our business operations require the use of power. The power requirement for our manufacturing facilities are sourced from government power supply. Our manufacturing processes require uninterrupted supply of power in order to ensure that we are able to manufacture quality products. To ensure uninterrupted supply of power we have also installed back-up diesel generators at our manufacturing facility. We require water for our manufacturing activities and rely on locally available resources for our water supply requirements.

Environmental Commitment and Sustainable Manufacturing

We believe commercial success should be laced with active initiatives which recognizes the priceless contribution of the world we live in and accordingly, we are committed to protecting the planet and conserving its scarce resources. Our responsibility towards environment and energy is validated to showcase our dedication to sustainability through the recent installation of a solar power plant at our Unit I facility. This initiative generates clean, renewable electricity, significantly reducing our reliance on fossil fuels and our overall environmental footprint. By generating our own clean electricity, we lessen our dependence on the grid, potentially leading to lower energy expenditures.

BUSINESS OVERVIEW

We are a precision metal component manufacturer offering a diversified suite of precision engineering products which are high-quality engineered parts across end-user industries and geographies. We primarily cater to top original equipment manufacturers ("OEMs") who ultimately supply various components and parts to top automotive manufacturing companies of India. In non-automotive sector, we cater to manufacturers of Defense, Marine & Telecommunication Infrastructure industries. At present, our core expertise lies in serving the automotive industry i.e. supplying OEMs, however, we're actively expanding our reach beyond automotive, leveraging our capabilities to develop a strong presence in defense, marine, and telecommunication infrastructure sectors. As a result of which, currently, majority of our business comes from auto industry and defense, marine, and telecommunication infrastructure sectors forms a small portion of our business. We largely supply to our domestic customers, however, we have an international presence also through export sales.

We recorded an increase in our revenue from operations by 103.47% from ₹ 5,653.41 lakhs in the financial year 2022 to ₹ 11,503.03 lakhs in the financial year 2024 on account of increased capacity to meet growing demand of existing customers in addition to new customers addition and also foraying into new industries like Defense and Marine over last 3 years led to increase in revenue. While our Profit after Tax have increased by 239.12% from ₹ 360.11 lakhs in the financial year 2022 to ₹ 1,221.21 lakhs in the financial year 2024 on account of increasing scale of revenue with addition of new machineries which led to improved operational efficiency.

We operate out of four strategically located manufacturing facilities with three of our manufacturing facilities including our principal manufacturing facilities at Pune, Maharashtra, a prominent auto hub i.e. Unit I (principal manufacturing facility), Unit II, Unit IV and one at Chennai, Tamil Nadu, another major automotive centre. This strategic placement allows us to be close to our core customers – Original Equipment Manufacturers (OEMs) in the automotive industry. This proximity translates to several advantages, including streamlined logistics, faster response times, and deeper collaboration with our valued clients, etc.

We manufacture a wide range of precision metal components including but not limited to cut blanks, shafts / spline shafts, torsion rods, piston rods, rack bar semi-finished, pinion, drive shafts, gear shifters, cable end fittings, sensor boss, sleeves, push plate, hubs, housing – brass and aluminium, fork bolt, fasteners, connectors, ball pin, ball pin housing, flange, male female ring, dozing adapter, housing for a diversified base of customers. As on the date of the Draft Red Herring Prospectus, we have a product portfolio of 24 products.

COMPARISON OF F.Y. 2024 WITH FINANCIAL YEAR 2023:

Revenue from Operations

The Company's revenue from operations in the financial year 2023-24 is ₹ 11,503.03 lakhs. This represents ₹ 1,867.18 lakhs or 19.38% increase compared to the previous financial year's revenue from operations of ₹ 9,635.85 lakhs. This increase is primarily due to increase in Sales from the Automotive segment of ₹ 1,952.94 lakhs and Defense segment of ₹ 28.10 lakhs.

Other Income

Other Income in the financial year 2023-24 increased by ₹ 53.20 lakhs or by 96.41%, reaching ₹ 108.38 lakhs in comparison to the ₹ 55.18 lakhs incurred in the Financial Year 2022-23. This increase was primarily due to increase in Net gain on foreign currency transactions and translation of ₹ 41.52 lakhs and increase in Other non-operating income of ₹ 7.93 lakhs.

Consumption and Manufacturing expenses

Consumption and Manufacturing expenses for the financial year 2023-24 amounted to ₹ 6,966.78 lakhs constituting 60.00% of total income.

Purchases - Finished / Traded goods

Purchases - Finished / Traded goods increased by 146.74%, reaching ₹ 1,979.67 lakhs in Financial Year 2023-24 as compared to the ₹ 802.33 lakhs incurred in the Financial Year 2022-23.

Changes in inventories of Finished goods, WIP and Raw materials

There was an increase of ₹ 411.34 lakhs for Fiscal 2024 as compared to an increase of ₹ 153.94 lakhs for Fiscal 2023, primarily attributable to a higher inventory of Finished goods at the end of Fiscal 2024.

Employee Benefits Expenses

Employee benefit expenses in the Financial Year 2023-24 increased by 55.52%, reaching ₹ 427.75 lakhs in comparison to the ₹ 275.04 lakhs incurred in the Financial Year 2022-23. This rise in employee expenses primarily stemmed from increases in salaries and wages, which went up by ₹ 109.06 lakhs and Bonus expense, which went up by ₹ 16.20 lakhs.

Finance Costs

Finance Costs in the Financial Year 2023-24 increased by 46.14%, reaching ₹ 268.88 lakhs in comparison to the ₹ 183.99 lakhs incurred in the Financial Year 2022-23. This rise in finance costs primarily stemmed from increases in Interest expense on borrowings, which went up by ₹ 69.66 lakhs and increases in Interest expense on Associate Companies, which went up by ₹ 9.67 lakhs.

Depreciation and amortization expenses

Depreciation and amortization in the Financial Year 2023-24 increased by 27.12%, reaching ₹ 272.53 lakhs in comparison to the ₹ 214.38 lakhs incurred in the Financial Year 2022-23. The increase in depreciation was primarily due to addition in assets.

Other Expenses

Other expenses in the Financial Year 2023-24 increased by 13.09%, reaching ₹ 464.08 lakhs in comparison to the ₹ 410.38 lakhs incurred in the Financial Year 2022-23. This rise in other expenses was primarily attributed to several factors, including ₹ 56.70 lakhs increase in Rent expenses, ₹ 31.28 lakhs increase in Freight, Octroi & packing outwards, ₹ 20.89 lakhs increase in Travelling & conveyance expenses, ₹ 15.68 lakhs increase in Legal and professional expenses.

Tax Expenses

Tax expenses increased by 143.53%, reaching a total of ₹ 421.87 lakhs in the financial year 2023-24, in contrast to the ₹ 173.23 lakhs in the financial year 2022-23.

Profit after Tax (PAT)

Due to the aforementioned factors, the profit experienced an upswing, primarily driven by the growth in total income and a decrease in total expenses as a percentage of total income. The Profit After Tax (PAT) for the financial year 2023-24 reached ₹ 1,221.21 lakhs, marking a notable increase from ₹ 457.39 lakhs in the financial year 2022-23. In the financial year 2023-24, PAT constituted 10.52% of the total revenue, in contrast to 4.72% in the fiscal year 2022-23.

COMPARISON OF FINANCIAL YEAR 2023 WITH FINANCIAL YEAR 2022:

Revenue from Operations

The Company's revenue from operations in the financial year 2022-23 is ₹ 9,635.85 lakhs. This represents ₹ 3,982.44 lakhs or 70.44% increase compared to the previous financial year's revenue from operations of ₹ 5,653.41 lakhs. This increase is primarily due to increase in Sales from the Automotive segment of ₹ 4,098.09 lakhs.

Other Income

Other Income in the financial year 2022-23 increased by ₹ 36.17 lakhs or by 190.32%, reaching ₹ 55.18 lakhs in comparison to the ₹ 19.01 lakhs incurred in the Financial Year 2021-22. This increase was primarily due to increase in Duty drawback of ₹ 37.50 lakhs.

Consumption and Manufacturing expenses

Consumption and Manufacturing expenses for the financial year 2022-23 amounted to ₹ 7,328.24 lakhs constituting 75.62% of total income.

Purchases - Finished / Traded goods

Purchases - Finished / Traded goods increased by 231.35%, reaching ₹ 802.33 lakhs in Financial Year 2022-23 as compared to the ₹ 242.14 lakhs incurred in the Financial Year 2021-22.

Changes in Inventories of Finished goods, WIP and Raw materials

There was an increase of ₹ 153.94 lakhs for Fiscal 2023 as compared to an increase of ₹ 251.63 lakhs for Fiscal 2022, primarily attributable to a higher inventory of WIP at the end of Fiscal 2023.

Employee Benefits Expenses

Employee benefit expenses in the Financial Year 2022-23 increased by 78.15%, reaching ₹ 275.04 lakhs in comparison to the ₹ 154.39 lakhs incurred in the Financial Year 2021-22. This rise in employee expenses primarily stemmed from increases in salaries and wages, which went up by ₹ 89.48 lakhs and Staff welfare expenses, which went up by ₹ 14.01 lakhs.

Finance Costs

Finance Costs in the Financial Year 2022-23 increased by 23.20%, reaching ₹ 183.99 lakhs in comparison to the ₹ 149.34 lakhs incurred in the Financial Year 2021-22. This rise in finance costs primarily stemmed from increases in Interest expense on borrowings, which went up by ₹ 25.39 lakhs.

Depreciation and Amortisation Expenses

Depreciation and amortization in the Financial Year 2022-23 increased by 46.94%, reaching ₹ 214.38 lakhs in comparison to the ₹ 145.89 lakhs incurred in the Financial Year 2021-22. The increase in depreciation was primarily due to addition in assets.

Other Expenses

Other expenses in the Financial Year 2022-23 increased by 61.57%, reaching ₹ 410.38 lakhs in comparison to the ₹ 254.00 lakhs incurred in the Financial Year 2021-22. This rise in other expenses was primarily attributed to several factors, including ₹ 25.59 lakhs increase in Rebate & discounts, ₹ 24.04 lakhs increase in Rent expenses, ₹ 15.16 lakhs increase in Travelling & conveyance expenses, ₹ 14.75 lakhs increase in Freight, Octroi & packing outwards and ₹ 13.94 lakhs increase in Security charges.

Tax Expenses

Tax expenses increased by 140.43%, reaching a total of ₹ 173.23 lakhs in the financial year 2022-23, in contrast to the ₹ 72.05 lakhs in the financial year 2021-22.

Profit after Tax (PAT)

Due to the aforementioned factors, the profit experienced an upswing, primarily driven by the growth in total income and a decrease in total expenses as a percentage of total income. The Profit After Tax (PAT) for the financial year 2022-23 reached ₹ 457.39 lakhs, marking a notable increase from ₹ 360.11 lakhs in the financial year 2021-22. In the financial year 2022-23, PAT constituted 4.72% of the total revenue, in contrast to 6.35% in the fiscal year 2021-22.

- b. *Tripartite agreement dated July 10, 2024, with CDSL, our Company and Registrar to the Issue;
- c. The Company's shares bear an ISIN: INE0YHV01011.

**We are awaiting Tripartite agreement from National Securities Depository Limited. However, we have received ISIN and all our shares are in Demat.*

Market Lot and Trading Lot

Trading of the Equity Shares will happen in dematerialised form, the minimum contract size of [●] Equity Shares in terms of the SEBI circular no. CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by NSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful Applicants. Further, in accordance with SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Minimum Number of Allottees

In accordance with Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked within 4 working days of closure of Issue.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/authorities in Mumbai.

The Equity Shares have not been and will not be, registered under the U.S. Securities Act 1933, as amended (the "Securities Act") or any state securities laws in the United States and may not be Offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulations under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares will be Offered and sold outside the United States in compliance with Regulation S of the Securities Act and the applicable laws of the jurisdiction where those Offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be Offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where two or more persons are registered as the holders of the Equity Shares, they shall be deemed to hold the same as joint with benefits of survivorship.

Nomination facility to Bidders

In accordance with Section 72(1) & 72(2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72(3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered

holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72(4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such a transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board of Directors may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Issue

Our Company in consultation with the Book Running Lead Manager, reserve the right not to proceed with the Fresh Issue reserve, the right not to proceed with the Issue for Sale, in whole or in part thereof, to the extent of issued, Shares, at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs and Sponsor Bank (in case of RII's using the UPI Mechanism), to unblock the bank accounts of the ASBA Applicants and the Escrow Collection Bank to release the Application Amounts to the Anchor Investors, if applicable, within one day of receipt of such notification. Our Company shall also promptly inform the same to the Stock Exchange on which the Equity Shares were proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the final RoC approval of the Draft Red Herring Prospectus after it is filed with the RoC. If our Company, in consultation with the Book Running Lead Manager withdraw the Issue after the Application/ Issue Closing Date and thereafter determine that it will proceed with public Issue of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with the Stock Exchange.

The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

SEBI is in the process of streamlining and reducing the post issue timeline for initial public offerings and has through its circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, reduced the time period for listing of shares in public issue from existing 6 days to 3 days. The revised timeline of T+3 days shall be made applicable in two phases i.e., voluntary for all public issues opening on or after September 1, 2023, and mandatory on or after December 1, 2023. Please note that we may need to make appropriate changes in the Red Herring Prospectus and Prospectus depending upon the prevailing date of this Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change to any revised circulars issued by the SEBI to this effect.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with listing timelines and activities prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Applications and any revision to the same shall be accepted only between **10.00 a.m. and 5.00 p.m.** (IST) during the Issue Period. On the Issue Closing Date, the Applications and any revision to the same shall be accepted between **10.00 a.m. and 5.00 p.m.** (IST) or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Applicants after taking into account the total number of applications received up to the closure of timings and reported by the Book Running Lead Manager to the Stock Exchange. It is clarified that Applications not uploaded on the electronic system would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Issue Closing Date, the Applicants are advised to submit their Applications one day prior to the Issue Closing Date and, in any case, no later than 5.00 p.m. (IST) on the Issue Closing Date. All times mentioned in this Draft Red Herring Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, as is typically experienced in public Issues, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Applications will be accepted only on Working Days. Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/Issue Closing Date by obtaining the same from the Stock Exchange. The SCSB's shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/ Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated

with it.

In case of force majeure, banking strike or similar circumstances, the issuer may, for reasons to be recorded in writing, extend the bidding (Issue) period disclosed in the Draft Red herring prospectus (in case of a book built issue) or the Issue period disclosed in the prospectus (in case of a fixed price issue), for a minimum period of one working days, subject to the Bid/ Issue Period not exceeding 10 working days.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Separately, the following compensation mechanism shall be applicable for investor grievances in relation to Bids made through the UPI Mechanism, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensated on period
Delayed unblock for cancelled / withdrawn/ deleted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹ 100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹ 100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non-Allotted/ partially Allotted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalization of the Basis of Allotment till the date of actual Unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the BRLM shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Bids and any revision in Bids shall be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”)) during the Bid / Issue Period (except on the Bid / Issue Closing Date) at the Bidding Centers as mentioned on the Application Form except that:

On the Bid / Issue Closing Date:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Applicants can revise or withdraw their Applications prior to the Issue Closing Date. Except Allocation to Retail Individual Investors, Allocation in the Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSB or the member of the Syndicate for rectified data.

ISSUE PROCEDURE

All Applicants should review the General Information Document for Investing in Public Issues prepared and issued in accordance with the circular (*SEBI/HO/CFD/DIL1/CIR/P/2020/37*) dated *March 17, 2020* notified by SEBI and the UPI Circulars, notified by SEBI (the “General Information Document”), which highlights the key rules, processes and procedures applicable to public issues in general in accordance with the provisions of the Companies Act, 2013, the Securities Contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957 and the SEBI (ICDR) Regulations. The General Information Document shall be made available on the websites of the Stock Exchange, the Company and the Book Running Lead Manager before opening of the Issue. Please refer to the relevant provisions of the General Information Document which are applicable to this Issue.

Additionally, all Applicants may refer to the General Information Document for information, in addition to what is stated herein, in relation to (i) category of Applicants eligible to participate in the Issue; (ii) maximum and minimum Application size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Applicants and Retail Individual Investors applying through the United Payments Interface channel; (v) issuance of Confirmation of Allocation Note (“CAN”) and Allotment in the Issue; (vi) price discovery and allocation; (vii) general instructions (limited to instructions for completing the Application Form); (viii) Designated Date; (ix) disposal of Applications; (x) submission of Application Form; (xi) other instructions (limited to joint Applications in cases of individual, multiple Applications and instances when an application would be rejected on technical grounds); (xii) applicable provisions of Companies Act, 2013 relating to punishment for fictitious Applications; (xiii) mode of making refunds; and (xiv) interest in case of delay in Allotment or refund.

SEBI vide its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2018/138* dated *November 1, 2018* read with its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2019/50* dated *April 3, 2019*, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for Retail Individual Investors applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 01, 2019, SEBI vide its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2019/76* dated *June 28, 2019*, read with circular bearing number *SEBI/HO/CFD/DIL2/CIR/P/2019/85* dated *July 26, 2019* with respect to Bids by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2020/50* dated *March 30, 2020* extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M* dated *March 16, 2021*, as amended pursuant to SEBI circular no. *SEBI/HO/CFD/DIL2/P/CIR/2021/570* dated *June 02, 2021*, has introduced certain additional measures for streamlining the process of initial public Issues and redressing investor grievances. This circular is effective for initial public Offer opening on/or after *May 01, 2021*, except as amended pursuant to SEBI circular no. *SEBI/HO/CFD/DIL2/P/CIR/2021/570* dated *June 02, 2021*, and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus.

Thereafter, the final reduced timeline may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Accordingly, the Issue will be made under UPI Phase II, unless UPI Phase III becomes effective and applicable on or prior to the Bid / Issue Opening Date. If the Issue is made under UPI Phase III, the same will be advertised in all editions of [●] (a widely circulated Hindi national daily newspaper) and regional editions of [●], a Telugu daily newspaper (Telugu being the regional language of Hyderabad where our registered office is located) on or prior to the Bid / Issue Opening Date and such advertisement shall also be made available to the Stock Exchange for the

purpose of uploading on their websites. Further SEBI vide circular no. *SEBI/HO/CFD/DIL2/P/CIR/2021/570* dated *June 02, 2021* have brought the implementation of the aforesaid circular dated *March 16, 2021* in accordance with the revised timelines for certain of its provisions based on representations received from the stakeholders due to Covid- 19 pandemic. The revisions of the circular dated *June 02, 2021* are elaborated as under:

- SCSB's shall continue to send SMS alerts during the actual block/debit/unblock of UPI mandate in the prescribed format, the details of total number of shares applied/allotted/non-allotted etc. shall be included in SMS for Public Issues opening on/after January 01, 2022.
- The automated web portal shall be live and operational after due testing and mock trials with the CUG entities for Public Issues opening on or after October 01, 2021. The requisite information on this automated portal shall be updated periodically in intervals not exceeding two hours.
- In the interim, for the Public Issues opening from the date of this circular and till the automated web portal is live and operational, the Sponsor Banks shall send the details to the e-mail address of CUG entities periodically in intervals not exceeding three hours. In case of exceptional events viz., technical issues with UPI handles/PSPs/TPAPS/SCSB's etc., the same shall be intimated immediately to the CUG entities so as to facilitate the flow of information in the Public Offer process.
- The Stock Exchanges and Book Running Lead Manager shall facilitate providing the requisite data of CUG entities to Sponsor Bank for the development of automated web portal. Such information shall be provided to the Sponsor Bank before opening of the Public Issue.
- The Registrar to the Issue shall provide the allotment/ revoke files to the Sponsor Bank by 8:00 PM on T+3 i.e, the day when the Basis of Allotment (BOA) has to be finalized.
- The Sponsor Bank shall execute the online mandate revoke file for Non-Allottees/ Partial Allottees and provide pending applications for unblock, if any, to the Registrar to the Issue, not later than 5:00 PM on BOA+1.
- Subsequent to the receipt of the pending applications for unblock from the Sponsor Bank, the Registrar to the Issue shall submit the bank-wise pending UPI applications for unblock to the SCSBs, not later than 6:30 PM on BOA+1 and ensure that the unblocking is completed on T+4.

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus.

SEBI vide Circular No. SEBI/HO/CFD/DIL2/CIR/P/2022/45 dated April 05, 2022, which came into force for public Issue opening on or after May 01, 2022 has decided that all Individual Investors applying in Public Offers where the application amount is up to ₹ 5 Lakhs may also use UPI.

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Book Running Lead Manager.

Further, our Company and BRLM are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in the Issue.

Maximum And Minimum Application Size

For Retail Individual Applicants

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Applicants have to ensure that the Application Price does not exceed ₹ 2,00,000.

For Other than Retail Individual Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

Allotment procedure and basis of allotment

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.

- RTA identifies cases with mismatch of account number as per bid file/ Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSBs to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+ 1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket/batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th Application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the over subscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non-allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
- b) The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).

For applications where the proportionate allotment works out to less than [●] Equity shares the allotment will be made as follows:

- i. Each successful applicant shall be allotted [●] Equity shares; and
 - ii. the successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- c) If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] Equity shares subject to

a minimum allotment of [●] Equity shares.

- d) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares Issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Red Herring Prospectus.
- e) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
- As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - The balance net Issue of shares to the public shall be made available for allotment to Individual applicants other than retails individual investors and other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - The unsubscribed portion of the net Issue to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Book Running Lead Manager and Registrar to the Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Participation by Associates /Affiliates of BRLM and the Market Makers

The BRLM, Market Maker and the Underwriter, if any shall not be entitled to subscribe to this Issue in any manner except towers fulfilling their underwriting and market making obligations. However, associates/affiliates of the BRLM/ Underwriters and Market Maker, if any may subscribe to Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to the Applicants, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Application by FPIs (including FIIs)

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations. An FII or sub-account may, subject to payment of conversion fees under the SEBI FPI Regulations participate in the Issue until the expiry of its registration with SEBI as an FII or sub-account, or if it has obtained a certificate of registration as an FPI, whichever is earlier. Accordingly, such FIIs can, subject to the payment of conversion fees under the SEBI FPI Regulations, participate in this Issue in accordance with Schedule 2 of the FEMA Regulations. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In terms of the SEBI FPI Regulations, the purchase of Equity Shares and total holding by a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid-up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

- a. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may Offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognized stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and such offshore derivative instruments are issued after compliance with 'know your client'

norms. Further, pursuant to a Circular dated November 24, 2014 issued by the SEBI, FPIs are permitted to issue offshore derivative instruments only to subscribers that (i) meet the eligibility criteria set forth in Regulation 4 of the SEBI FPI Regulations; and (ii) do not have opaque structures, as defined under the SEBI FPI Regulations. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. Further, where an investor has investments as FPI and also holds positions as an overseas direct investment subscriber, investment restrictions under the SEBI FPI Regulations; and

- b. prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Application by SEBI registered Alternative Investment Fund (AIF), Venture Capital Funds and Foreign Venture Capital Investors

The SEBI (Venture Capital) Regulations, 1996 and the SEBI (Foreign Venture Capital Investor) Regulations, 2000 prescribe investment restrictions on venture capital funds and foreign venture capital investors registered with SEBI. As per the current regulations, the following restrictions are applicable for SEBI registered venture capital funds and foreign venture capital investors: Accordingly, the holding by any individual venture capital fund registered with SEBI in one Company should not exceed 25% of the corpus of the venture capital fund; a Foreign Venture Capital Investor can invest its entire funds committed for investments into India in one Company. Further, Venture Capital Funds and Foreign Venture Capital investor can invest only up to 33.33% of the funds available for investment by way of subscription to an Initial Public Offer. The SEBI (Alternative Investment funds) Regulations, 2012 prescribes investment restrictions for various categories of AIF's. The category I and II AIFs cannot invest more than 25% of the corpus in one investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A Venture capital fund registered as a category I AIF, as defined in the SEBI Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public Offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI Regulations shall continue to be regulated by the VCF Regulations.

All FIIs and FVCIs should note that refunds, dividends, and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company and the BRLM will not be responsible for loss, if any, incurred by the Applicant.

Impersonation

Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who—

- a. Makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or
- b. Makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or
- c. Otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”

Shall be liable for action under section 447 of Companies Act, 2013 and shall be treated as Fraud.

Procedure and time for allotment and demat credit

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares.

Bidders are advised to instruct their Depository.

Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Bidders who have been Allotted Equity Shares in the Issue.

- a) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- b) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Bidders Depository Account which will be completed within 4 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Bidder depository account is completed within one Working Day from the date of Allotment, after the funds are transferred from the Public Issue Account on the Designated Date.

Basis of Allotment

Allotment will be made in consultation with NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

The total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).

For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:

Each successful applicant shall be allotted [●] equity shares; and

The successful applicants out of the total applicants for that category shall be determined by the draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.

If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] equity shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

If the Shares allocated on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any

category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares.

Since present Issue is a Book Built Issue, the allocation in the net Issue to the public category in terms of Regulation 253 of the SEBI (ICDR) Regulations, 2018 shall be made as follows:

- a) *not less than thirty-five per cent. to retail individual investors;*
- b) *not less than fifteen per cent. to non-institutional investors;*
- c) *not more than fifty per cent. to qualified institutional buyers, five per cent. of which shall be allocated to mutual funds:*

Provided that the unsubscribed portion in either of the categories specified in clauses (a) or (b) may be allocated to applicants in any other category:

Provided further that in addition to five per cent. allocation available in terms of clause (c), mutual funds shall be eligible for allocation under the balance available for qualified institutional buyers.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“FEMA”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“RBI”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The DIPP, has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from *October 15, 2020*, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy from time to time and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular.

The RBI issues Master Directions on Foreign Investment in India and updates the same from time to time. Presently, FDI in India is being governed by Master Directions on Foreign Investment No. *RBI/FED/2017-18/60 FED Master Direction No. 11/2017-18* dated *January 4, 2018*, as updated from time to time by RBI. In terms of the Master Directions, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Directions.

Under the current applicable FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present our Company is involved in the business of manufacturing. 100% foreign direct investment through automatic route is permitted in the sector in which our Company operates.

At Present, the FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations, 2017 has been superseded by FEMA (Non -Debt Instruments) Rules, 2019 dated October 17, 2019 (FEMA Non-Debt Rules). The sectoral cap given in the FEMA Non-Debt Rules shall come into effect from April 01, 2020.

As per the extant policy of the Government of India, OCBs cannot participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation. An erstwhile OCB may transfer equity instruments subject to the directions issued by the Reserve Bank of India from time to time in this regard. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company investors will not issue, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines.

Investment conditions/restrictions for overseas entities

The maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, Foreign Portfolio Investors (FPIs), Non-Resident Indian (NRI)/ Overseas Citizen of India (OCI), Limited Liability Partnerships (LLPs), Foreign Venture Capital

Investor (FVCI), Investment Vehicles and Depository Receipts (DRs) under Schedule I, II, III, VI, VII, VIII and IX of the FEMA Non Debt Rules. Any equity holding by a person resident outside India resulting from the conversion of any debt instrument under any arrangement shall be reckoned as a foreign investment under the sectoral cap.

i) Investment by FPIs under Portfolio Investment Scheme (PIS):

Aggregate FPI up to 49% of the paid up capital on a fully diluted basis or the sectoral or statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in the transfer of ownership or control to persons resident outside India and other investments by a person resident outside India shall be subject to the conditions of Government approval and compliance of sectoral conditions as laid down in the FEMA Non Debt Rules.

Other foreign investments will be subject to conditions of Government approval and compliance with sectoral conditions as per FDI Policy 2020 till the time the new sectoral cap as mentioned in the FEMA Non-Debt Rules comes into effect. The total foreign investment, direct and indirect, in the issuing entity, will not exceed the sectoral/statutory cap.

With regards to purchase/sale of equity instruments of an Indian company by an FPI under PIS, the total holding by each FPI or an investor group shall be less than 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24 % of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 % and 24 % will be called the individual and aggregate limit, respectively.

With effect from the April 01, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as laid out in sub-paragraph (b) of paragraph 3 of Schedule I of the FEMA Non Debt Rules, with respect to its paid-up equity capital on a fully diluted basis or such same sectoral cap percentage of paid up value of each series of debentures or preference shares or share warrants.

The aggregate limit as provided in sub-paragraph (b) of paragraph 3 of Schedule I may be decreased by the Indian company concerned to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively before March 31, 2020. Further, the Indian company which has decreased its aggregate limit to 24% or 49% or 74%, may increase such aggregate limit to 49% or 74% or the sectoral cap or statutory ceiling respectively as deemed fit, with the approval of its Board of Directors and its General Body through a resolution and a special resolution, respectively. Also, once the aggregate limit has been increased to a higher threshold, the Indian company cannot reduce the same to a lower threshold. The aggregate limit with respect to an Indian company in a sector where FDI is prohibited shall be 24%.

(ii) Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity instruments as defined under the FEMA Non Debt Rules of a listed Indian company on repatriation basis on a recognized stock exchange in India by NRI or OCI is allowed subject to certain conditions under Schedule III of the FEMA Non Debt Rules that is:

The total holding by any individual NRI or OCI shall not exceed 5 % of the total paid-up equity capital on a fully diluted basis or should not exceed 5 % of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10 % of the total paid-up equity capital on a fully diluted basis or shall not exceed 10 % of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 % may be raised to 24 % if a special resolution to that effect is passed by the general body of the Indian company.

(iii) Investment by NRI or OCI on non-repatriation basis

The Schedule IV of the FEMA Non-Debt Rules deals with Purchase/ sale of equity Instruments or convertible notes or units or contribution to the capital of a LLP by a NRI or OCI on non-repatriation basis. It shall be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions by RBI.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or Offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being Offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those Offers and sale occur.

Further, no Issue to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such Issue made under exemptions available under the Prospectus Directive, provided that no such Issue shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorized. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Draft Red Herring Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

 - (a) “the Act” means the Companies Act, 2013,
 - (2) Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

Public Company

3. The Company is a Public Company within the meaning of Section 2(71) of the Companies Act, 2013 and accordingly: -
 - i. Which is not a private company;

Provided that a company which is a subsidiary of a company, not being a private company, shall be deemed to be public company for the purposes of this Act even where such subsidiary company continues to be a private company in its article

Share capital and variation of rights

4. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
5. (i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, —
 - (a) one certificate for all his shares without payment of any charges; or
 - (b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
- (ii) Every certificate shall be under the signatures and shall specify the shares to which it relates and the amount paid-up thereon.

- (iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
6. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
- (ii) The provisions of Articles (5) and (6) shall mutatis mutandis apply to debentures of the company.
7. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
8. (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
- (ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40
- (iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
9. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
- (ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
10. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
11. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

Lien

12. (i) The company shall have a first and paramount lien-
- (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
- (b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

- (ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
13. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:
- Provided that no sale shall be made—
- (a) unless a sum in respect of which the lien exists is presently payable; or
(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
14. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
- (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
15. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

16. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:
- Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
- (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
- (iii) A call may be revoked or postponed at the discretion of the Board.
17. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by instalments.
18. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
19. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.
(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
20. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

21. The Board-

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

22. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

23. The Board may, subject to the right of appeal conferred by section 58 decline to register-

(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve;

or

(b) any transfer of shares on which the company has a lien.

24. The Board may decline to recognise any instrument of transfer unless-

(a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;

(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

(c) the instrument of transfer is in respect of only one class of shares.

25. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

26. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

27. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-

(a) to be registered himself as holder of the share; or

(b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

28. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

29. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

Forfeiture of shares

30. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

31. The notice aforesaid shall—

(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

(b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

32. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

33. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

34. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
35. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- (iii) The transferee shall thereupon be registered as the holder of the share; and
- (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
36. The provisions of these regulations as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

37. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
38. Subject to the provisions of section 61, the company may, by ordinary resolution,—
- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
39. Where shares are converted into stock, —
- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up)

shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stockholder” respectively.

40. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law, —
- (a) its share capital;
 - (b) any capital redemption reserve account; or
 - (c) any share premium account.

Capitalisation of profits

1. (i) The company in general meeting may, upon the recommendation of the Board, resolve—
- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause
- (iii), either in or towards—
- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
2. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - (b) generally, do all acts and things required to give effect thereto.
- (ii) The Board shall have power—
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions

of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

3. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

4. All general meetings other than annual general meeting shall be called extraordinary general meeting.
5. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

6. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
7. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
8. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
9. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

10. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

11. Subject to any rights or restrictions for the time being attached to any class or classes of shares, —
 - (a) on a show of hands, every member present in person shall have one vote; and
 - (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
12. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
13. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
 - (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
14. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
15. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
16. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
17. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
 - (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

18. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
19. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
20. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given: Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

21. The following shall be the first Directors of the company: -

1. Asha Narang
 2. Sanjeev Verma
 3. Ashwani Leekha
 4. Saksham Leekha
22. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
- (ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—
- (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
- (b) in connection with the business of the company.
23. The Board may pay all expenses incurred in getting up and registering the company.
24. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
25. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
26. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
27. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

28. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
29. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
30. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing

directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

31. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

32. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.

(ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

33. (i) A committee may elect a Chairperson of its meetings.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

34. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

35. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

36. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

37. Subject to the provisions of the Act, —

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

38. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

Dividends and Reserve

39. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
40. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
41. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalising dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
42. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
43. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
44. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
45. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
46. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
47. No dividend shall bear interest against the company.

Accounts

48. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.
(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

49. Subject to the provisions of Chapter XX of the Act and rules made thereunder—

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
